

Lichfield District Council

Housing land small sites and completions schedule 2019

August 2019

Prepared by Lichfield District Council

Contents

1. Introduction & purpose of the schedule.....	3
2. Site schedule	3
Appendix A: Site completions by year (2016-2019).....	21

1. Introduction & purpose of the schedule

- 1.1 This schedule has been prepared to supplement the councils [Strategic Housing Land Availability Assessment](#) (SHLAA) 2019. The schedule lists all completed sites and sites with planning permission which are below the thresholds used within the SHLAA.
- 1.2 The sets out the thresholds which have been applied to that assessment. These thresholds are consistency with guidance contained within the [National Planning Practice Guidance](#) (PPG). The PPG advocates that the land availability assessments should consider all potential residential development sites capable of delivering 5 or more dwellings.
- 1.3 This schedule includes all sites which have extant planning permission for residential development which fall below the thresholds. Alongside these small site commitments the schedule presents all completions for residential development which have taken place between 2008 and 2020. Completions are presented on a year by year at [Appendix A](#).
- 1.4 The sites can be viewed using the interactive map on the council's website which can be viewed via the following link:

[Land availability assessment interactive map](#)
- 1.5 Alongside the SHLAA this schedule is designed to provide a comprehensive assessment of employment land within Lichfield District.

2. Site schedule
