

Strategic Housing Land Availability Assessment  
2022

Lichfield District Council

February 2023

This page is intentionally blank.

If you need this document in another format, such as large print, please call Lichfield District Council on 01543 308000 and ask to speak to the Spatial policy and Delivery team or email [developmentplans@lichfielddc.gov.uk](mailto:developmentplans@lichfielddc.gov.uk).

## Foreword

The Strategic Housing Land Availability Assessment (SHLAA) is an evidence base and monitoring document which will be published annually as part of the Council's suite of monitoring documents. The SHLAA will assist in identifying sites which could have the potential for residential development and estimates their potential capacity in terms of the number of homes which could be provided. The SHLAA also considers those sites which are allocated through the local plan and/or have planning permission for residential development.

This is the sixteenth edition of the SHLAA which covers the period between 1 April 2021 and 31 March 2022. The SHLAA will be updated annually alongside the [Employment Land Availability Assessment](#) (EHLAA), [Authority Monitoring Report](#) (AMR) and [Five Year Housing Land Supply Paper](#) as part of the District Council's suite of monitoring documents.

The SHLAA forms part of the evidence base for the production of the Local Plan. The policies and proposals within the Local Plan relating to employment development will be based on a range of evidence and considerations of which this assessment is only one.

### **SHLAA Disclaimer**

**The inclusion of a site in this assessment does not indicate that it will be allocated or successfully obtain planning permission for a particular use. Similarly, the none-inclusion of a site in the assessment does not in any way preclude future development, providing it meets the planning policy framework that exists at the time a site comes forward.**

## 1. Introduction and purpose of the assessment

- 1.1 The [National Planning Policy Framework](#) (NPPF) requires authorities to prepare land availability assessments in respect of housing and employment land as part of the evidence base supporting the local plan. This document is the [Strategic Housing Land Availability Assessment](#) (SHLAA). Both the SHLAA and [Employment land availability assessment](#) (ELAA) for Lichfield District have been prepared using a consistent methodology but are presented in separate documents for ease of reference.
- 1.2 The SHLAA should be used to establish the realistic assumptions about the availability, suitability, and likely economic viability of land for residential development within the plan period to establish if there are sufficient sites to meet the established needs for the district.
- 1.3 The SHLAA will be a key document in monitoring the delivery of land for residential development and the ongoing supply required to meet the targets set through the local plan. As such the SHLAA will have the following five core outputs:
- A list of all sites and broad locations assessed which are cross referenced to maps showing locations and boundaries of specific sites.
  - An assessment of each site or broad location identified for employment uses, in the terms of its suitability for development, availability and achievability.
  - The potential type and quantity of employment use(s) that could be delivered on each identified site including an estimation of the number of jobs which could be delivered.
  - Constraints on the delivery of identified sites and any recommendations on how or when these could be overcome; and
  - An assessment of the overall availability of employment land supply versus the identified needs.
- 1.4 The sites identified within the SHLAA can be broadly divided into the following three categories consistent within guidance within the NPPF:
- Deliverable sites – are those sites which are available now, offers a suitable location for development and there is a realistic prospect that housing could be delivered on the site within the next five years. The definition of ‘deliverable’ within the NPPF makes clear that where sites do not have detailed planning permission then these should only be considered deliverable where there is clear evidence that housing completions will be delivered within five years.
  - Developable sites – are those sites that are, or likely to become available for development where there is a reasonable prospect they could be developed in the future (beyond the next five years).
  - Not Developable – are those sites where one or more of the constraints assessed are severe and it is not known when/whether/how such constraints might be overcome. These sites will not be included in the final supply of sites which are deliverable and developable.

- 1.5 The land availability assessment methodology was revised at the outset of the review of the District Council's Local Plan. This revision exercise was consulted upon with the land availability assessment panel, details of the panel are set out at [Appendix A](#).

## 2. Context and baseline

- 2.1 The [Lichfield District Local Plan Strategy](#) was adopted on 17 February 2015 and sets the spatial strategy for development within Core Policy 1 (The Spatial Strategy). In terms of residential development, the spatial strategy seeks to deliver a minimum of 10,030 dwellings between 2008 and 2029, which includes provision of 1000 homes to meet needs arising in neighbouring authorities (500 dwellings each of Cannock Chase District and Tamworth Borough Councils). This equates to an annual requirement of 478 dwellings, with the need for Lichfield District being 430 homes per annum. The spatial strategy of the adopted plan seeks to deliver homes in the most sustainable locations including Lichfield City, Burntwood, a number of key rural settlements and two sustainably located developments close to Rugeley and Tamworth.
- 2.2 The adopted [Lichfield District Local Plan Allocations](#) document which forms the second part of the local plan and allocates sufficient land to meet the requirements set out within the Local Plan Strategy.
- 2.3 The council is in the process of reviewing its Local Plan. The [Local Plan 2040](#) (previously known as the Local Plan Review) was submitted for examination in June 2022. The publication version of the Local Plan 2040 seeks to deliver 9,727 dwellings within the plan period.
- 2.4 The SHLAA will form part of the evidence supporting the progression of the Local Plan 2040 and the monitoring of the current local plan.
- 2.5 The base date for this SHLAA is the 2021-2022 monitoring year. As such all sites which have the benefit of planning permission up to the 31 March 2022 have been included within the assessment. Where sites have been submitted to the council through the 'call for sites' or through consultation upon the local plan any information received up to the end of March 2022 has been taken account of within the assessment.
- 2.6 Alongside the SHLAA the Council has prepared a [Residential Small Sites and Completions Schedule](#). This details all sites which have been recorded as completed between 2008 and 2022 and those small sites which have planning permission which fall below the thresholds set out within section three of this assessment. Together the SHLAA and Small Site and Completions Schedule provide a comprehensive picture of the potential land for housing within the district.
- 2.7 The data within this SHLAA and the small sites and completions schedule is up to date as of the 1<sup>st</sup> April 2022. Information submitted after the data baseline will be recorded within the Council's databases and published within the next edition of the SHLAA.

### 3. Methodology

3.1 This section sets out the methodology which will be used for the land availability assessment. The approach is consistent with the guidance provided within the [National Planning Practice Guidance](#) (PPG).

3.2 Figure 1 (below) is extracted from the PPG and illustrates the approach which is used for land availability assessments. The following section details the approach to be taken under each step of the methodology. The PPG relating to land availability assessment was updated in July 2019.

Figure 1: Land availability assessment methodology flowchart (extract from PPG)

- 3.3 Each sub heading within the following section relates to a corresponding paragraphs within the PPG and sets out how the council’s land availability assessment adhere to the guidance.

### Stage 1: Identification of sites and broad locations

#### What geographical area should the assessment cover?

- 3.4 The PPG states that the geographical area covered by the assessment should be consistent with the plan-making area. This assessment will cover the administrative area of Lichfield District.

#### Who can plan makers work with?

- 3.5 The PPG suggests land availability assessments should be prepared working with other local planning authorities within the relevant HMA and FEMA. As noted above the land availability assessments will be prepared having regard with assessments undertaken by neighbouring authorities to ensure a broadly consistent approach is used. Alongside this the PPG also states that a range of stakeholders should be involved in plan preparation which includes the evidence base in relation to land availability assessments.
- 3.6 The District Council uses a panel approach for the land availability assessments. This has meant that a number of stakeholders have been involved with the formulation of the assessments’ methodology and are asked each year to contribute to the production of the document. The ‘panel’ is a joint group shared by Lichfield District and Cannock Chase District Councils. The membership of the SHLAA panel is set in detail at [Appendix A](#) and conforms to the guidance within the PPG in terms of the stakeholders recommended to be involved in the production of this element of the evidence base. It should be noted that whilst the two authorities share a joint panel both authorities carry out their own assessment within their administrative areas which allows for the assessments to be locally distinctive.

#### Can the assessment be constrained by the need for development?

- 3.7 The PPG is clear that the assessments should identify all sites and broad locations to provide an audit of available land regardless of the quantum of development needed. The process of the assessment will, however, provide the information to enable the identification of sites and locations suitable for the required development in the Local Plan.

#### What sizes of site or broad locations can be considered for assessment?

- 3.8 The PPG states that plan makers will need to assess a range of different site sizes from small-scale sites to opportunities for large-scale. The PPG advocates that the land availability assessments should consider residential development sites capable of delivering five or more dwellings.
- 3.9 This SHLAA applies the thresholds set out within the PPG. Therefore, sites for residential development below the threshold of five dwellings will not be included within the assessment.

- 3.10 Sites below the thresholds which benefit from extant planning permission will be included within a schedule of [small site permissions and completions](#) which will be published annually alongside the SHLAA.

#### How can sites/broad locations be identified?

- 3.11 The PPG provides guidance on how sites should be identified for inclusion within the land availability assessments. This makes clear that plan makers should not rely solely on sites which they have been informed about but also actively identify sites through a desktop review process. The PPG notes that sites which have particular policy constraints should be included in the assessment, but such constraints must be clearly set out, including where they restrict development. An important part of the desktop review is to test again the appropriateness of previously defined constraints rather than accept them.
- 3.12 The Council has undertaken a desktop review for site identification which has focussed in and around all settlements within the district including Burntwood and Lichfield and other villages with development envelopes defined by the Local Plan. This enables the desktop survey to be proportionate and make affective use of resources. The sources of data for the land availability assessments are covered in further detail below.

#### What types of sites and sources of data should be used?

- 3.13 The PPG provides guidance on the sources of data which can be used to identify potential sites through the assessment. As noted above a desktop review has taken place as part of this process. The sources of data outlined within the PPG includes; existing allocations; sites with extant planning permissions or which are under construction with the benefit of planning permission; sites where planning applications have been refused or withdrawn; land owned by the local authority; surplus public sector land; vacant and derelict land and/or buildings; additional opportunities in established uses; sites in rural locations; large scale redevelopment of existing areas; sites in and adjoin rural settlements and rural exception sites; potential urban extensions and new settlements.
- 3.14 The data is collected from a wide range of sources, including local authority planning application records, local and neighbourhood plans, other information held by the authority including that collected through the '[call for sites](#)' (see below), engagement with other public sector bodies, ordinance survey mapping and data and the desktop analysis.

#### Can plan makers issue a call for sites and broad locations for development?

- 3.15 Lichfield District Council currently maintains an ongoing [call for sites](#) process which is an open process which allows sites to be submitted to the authority throughout the year. New submissions are assessed and included within the land availability assessments in accordance with the base date of that assessment as set out at paragraphs 2.5 to 2.7.
- 3.16 More recently the Council undertook a promotion of the Call for Sites process between October and November 2018. This resulted in a number of further submissions and updated submissions. Those sites submitted during that promotion have been included within the published 'Call for Sites Schedule 2018'. Those sites within that schedule and any site submitted through the call for sites process will be assessed through the land availability

assessments where appropriate. As part of this promotion all owners/agents of sites previously submitted and advised that if sites were not resubmitted through the process it may be that sites are considered no longer to be available.

### What can be included in the site and broad location survey?

- 3.17 The sites included within the SHLAA are assessed against national policies and designations to establish which have a reasonable potential for development and should be included in the site survey.
- 3.18 Sites have been assessed in greater detail to; ratify inconsistent information which may have been gathered through the call for sites and desktop assessment; get an up to date view on development progress (where sites have planning permission); obtain a better understanding of the scale and type of development which may be appropriate; gain a more detailed understanding of deliverability, any barriers and how they can be overcome; and to identify further sites with potential for development which were not identified through other data sources or the call for sites.

### How detailed does the initial survey need to be?

- 3.19 The PPG makes clear that site surveys should be proportionate to the detail required for a robust appraisal. The site survey approach and overall land availability assessment methodology is considered to be robust and proportionate. The methodology has been considered by the LAA panel and each edition of the SHLAA and ELAA will be considered by the panel prior to its publication.

### What information should be recorded during the survey?

- 3.20 The following characteristics are recorded for each site as part of the assessment:
- Site size, boundaries, and location.
  - Current land use and character.
  - Land use and character of the surrounding area.
  - Physical constraints which might include poor access, steep slopes, potential for flooding, natural features of significance, noise from surrounding land use, location of buildings or pylons and contamination.
  - Potential environmental constraints.
  - Proximity to services and other infrastructure, such as public transport.
  - Development progress for example ground works completed, number of homes started/completed.
  - Consistency with the development plan's policies (it should be noted that stage 2 of the PPG requires current planning policy when assessing suitability hence this is recorded under site characteristics at stage 1); and
  - Initial assessment of whether the site is suitable for a particular type of development or as part of a mixed-use development.

## Stage 2: Site/broad location assessment

### How can the development potential be calculated?

- 3.21 Site assessments are undertaken in accordance with the guidance contained at stage 2 of the PPG. There are a number of locally distinctive criteria which are incorporated into the assessment when determining the development potential of a particular site. These being the split of uses on site and floor space to be delivered.
- 3.22 Site Density: The following site density assumptions are used having been agreed by the SHLAA panel:
- Sites with planning permission (including sites which are under construction) will use the permitted number of dwellings and density of the scheme.
  - Where information such as a site layout and/or proposed yield for a scheme has been submitted this will be considered and used as the site density where it is considered appropriate and realistic; and
  - Where no such information is available the assessment will take account of the character of the surrounding area or similar nearby planning permissions when determining an appropriate site density. In general terms the following minimum site densities will be used: 30 dwellings per hectare (dph) in rural locations (including edge of settlement); 40 dph to be applied in urban areas; and 50 dph to be applied where high densities may be achieved such as town centre locations and around public transport nodes.
- 3.23 Net developable area: The net developable area of a site needs to be considered to ensure that an accurate estimation of the development potential can be ascertained. Table 1 (below) sets out the net developable area ratios which will be used where there is no information on the area of the site which is to be developed or where any such detail is not considered appropriate by the council. These ratios are designed to take account of ancillary uses of land within a development, for example roads and infrastructure, open spaces and planting.

Table 1: Net developable area ratios

Site size	Gross net ration standard (% of site to apply density ratio)
Up to 0.4 hectares	100%
0.4 – 2 hectares	80%
2 hectares and above	60%

- 3.24 Where possible, known constraints will be taken into account when estimating the possible yield for a site. It is important to recognise that yields may also be affected by issues not evident at the time a site assessment is undertaken. Aspects such as the incorporation of landscape features for example trees and hedges may also affect yields and layouts. The potential yield for a site derived through this assessment therefore have the potential to change for a site throughout the planning process.

## What can be considered by plan makers when assessing whether sites/broad locations are likely to be developed?

3.25 **Implementation timescales:** The lead in times required for development to commence are required to be considered within the assessment. This assists in assessing the anticipated rates of delivery and overall trajectory. The following lead in times will be applied to sites where there has been no further information is available in terms of when development will commence. These estimates are based upon knowledge and experience of the development process locally.

Table 2: Implementation timescales

Planning status	Major developments (10+ dwellings)	Minor developments (up to 10 dwellings)
Sites with extant planning permission	2 years to implementation from grant of planning permission <sup>1</sup>	1 year to implementation from grant of planning permission
Sites without planning permission	3 years to implementation	2 years to implementation

3.26 **Buildout rates:** The following build out rates for housing developments have been established and are based upon local knowledge of the housing market. In the absence of detailed site specific information, the following rates will be used when estimating the potential annual delivery of a site:

- Up to 25 dwellings completed in the first year of building (per developer).
- Maximum of 50 dwellings per year for a single developer.
- Sites up to 250 dwellings – assume one developer (50 dwellings per annum).
- Sites of 251 to 500 dwellings – assume 2 developers (2 x 50 dwellings per annum).
- Sites of 501 or more dwellings – assume 3 developers (3x 50 dwellings per annum); and
- Assume a ceiling of 150 dwellings per annum for all sites (unless sufficient evidence provided to the contrary).

3.27 Where the delivery of a site would be delivered across several five-year periods, the supply will be split across those periods using the approach set out above to provide realistic estimation of when development could be delivered. This also recognises that on larger developments, the delivery of homes will often cross five-year periods.

3.28 Where a site is assessed as ‘not deliverable/available’ then no such timescale estimate will be provided.

3.29 Where possible, known constraints will be taken into account when estimating the possible yield for a site. It is important to recognise that yields may also be affected by issues not evident at the time a site assessment is undertaken. Aspects such as the incorporation of

<sup>1</sup> Includes resolution to grant planning permission subject to legal agreement where it is considered this will be signed at an appropriate time to enable implementation within the timeframe.

landscape features for example trees and hedges may also affect yields and layouts. The potential yield for a site derived through this assessment therefore have the potential to change for a site throughout the planning process,

### What factors can be considered when assessing the suitability for development?

- 3.30 The PPG provides further guidance in relation to assessing the suitability of sites/broad locations for development within the land availability assessments. A site or broad location can be considered suitable if it would provide an appropriate location for development when considered against relevant constraints and their potential to be mitigated. The following paragraphs set out the approach to assessing suitability through the land availability assessments. The PPG states that when considering constraints the information collected as part of the initial site survey, as well as other relevant information, such as those below should be considered:
- National policy.
  - Appropriateness and likely market attractiveness for the type of development proposed.
  - Contribution to regeneration priority areas; and
  - Potential impacts including the effect upon landscapes including landscape features, nature and heritage conservation.
- 3.31 The assessment of suitability will note the development plan, emerging planning policy and national policy. A site should be assessed as suitable if it offers a suitable location for the specific development type. In the context of Lichfield District, the adopted [Local Plan Strategy](#) sets the spatial strategy for the district in respect of housing and economic growth.
- 3.32 Therefore where a residential site is within or adjacent to an identified settlement this will be considered to be suitable in terms of its potential adherence to the spatial strategy. Where an emerging development plan document is relevant this will also be considered when assessing suitability. Indeed, it is possible that an emerging plan could contradict adopted policy, where this is the case, this will be recorded and considered within the site assessment.
- 3.33 Site assessments will be taken on an individual basis and other factors could demonstrate that a site is considered to not offer a suitable location for development irrespective of a perceived alignment with the spatial strategy.
- 3.34 The assessment of a site will have reference to the relevant, up-to-date, local and national planning policy. Where any such policy indicates a presumption against development this will be recorded within the site assessment. Where such constraints apply this will not mean that a site is removed from the assessment, rather that the constraints are recorded, and it be noted that existing policies would need to change through the plan-making process in order for such constraints to be overcome. The land availability assessments take a ‘policy off’ approach as such were current or emerging planning policies indicate a presumption against development this will be recorded within the site assessment but may not be taken account of in the assessment of suitability. For example, where a site lies within the green belt national and local planning policy provide a presumption against development. This will

be recorded within the site assessment; however, the suitability will be assessed without regard to this constraint.

**To be clear the land availability assessment takes a ‘policy off’ approach, as such although a site may be assessed as deliverable/available within this assessment this does not and should not be considered as suggesting the site would be allocated or achieve planning permission as policy constraints are not considered as part of the assessments.**

- 3.35 **Physical problems or limitations:** The PPG requires site assessments to consider physical problems or limitations as part of a sites potential suitability. Each site will be assessed in terms of access and infrastructure, ground conditions, flood risk, hazardous risks, pollution or contamination. Where these are assessed as so significant as to affect a site coming forward then the site will be considered unsuitable. The following sources will be used to assist with the assessment:
- When assessing flood risk the latest information from the [Environment Agency’s flood maps](#) for planning and the councils [Strategic Flood Risk Assessment](#) will be used. Where sites include an area of flood risk, a flood risk assessment may be required. Where a site fell within flood risk zones 2 or 3 then this element was considered unsuitable and density will be calculated on the remaining area of the site;
  - With regards to contaminated land information from the Council’s Environmental Health Team will be used to identify any significant issues. A 50m buffer is applied to landfill sites and where site assessments are within this buffer it will be recorded.
  - Site assessments will record information on coal subsidence areas, mineral safeguarding areas and pipelines where appropriate.
  - Available information has been used with regards to access and highways issues, additionally the highways authorities are part of the panel and consulted upon the assessment each year. In some cases, particularly with larger scale sites, there could be significant transportation issues that require more detailed assessment.
- 3.36 Other physical problems will be identified on a site by site basis where appropriate and recorded within the site assessment, this could include landform features that could have implications for capacity or suitability. It is difficult to make an assumption with a desk-based exercise as to how such physical constraints can be overcome and in some case further more detailed information and assessment could be required.
- 3.37 **Potential Impacts:** The suitability of the site also should consider potential impacts including effects upon the landscape, landscape features, nature and heritage. Site assessments recorded the following features where applicable; Conservation Areas, Listed Buildings, Sites of Special Scientific Interest (SSSI), Tree Preservation Orders (TPO), Ancient Woodland, Agricultural Land Classification, Sites of Biological Interest (SBI), Special Areas of Conservation (SAC).
- 3.38 Further issues relevant to the principal of development or capacity include the presence of statutory and non-statutory biodiversity sites, protected species, Biodiversity Action Plan (BAP) habitats and species, the need to provide green infrastructure, the impact of the development of the site on local landscape character and whether the site falls within landscape areas such as the Forest of Mercia, Central Rivers or National Forest. Whilst the

presence of any of these may not necessarily prevent the development of a site, they may affect the development capacity of a site through, for example, a need to provide a buffer next to a protected feature, the need to provide mitigation for protected species, the provision of green infrastructure or landscape enhancements or contributions to biodiversity objectives.

- 3.39 Sites which fall within the zones of influence of the SACs (River Mease SAC and Cannock Chase SAC) will be recorded and will be expected to mitigate for damage that development would have on the SAC in those areas.
- 3.40 Sites which fall within landscape initiative areas such as the National Forest, Forest of Mercia and Central Rivers will be recorded. Sites within these areas would be expected to contribute to the delivery of the initiatives objectives.
- 3.41 Site assessments will record where sites are within 1km of protected sites such as SSSI, SBI or SAC. Potential protected species on sites will also be identified and recorded. Should it be felt these would impact on the suitability of the sites these have been noted. It is likely that further survey work will be required to identify more precisely the impact the presence of these areas and species would have on suitability of the sites.

#### What factors can be considered when assessing availability?

- 3.42 The PPG provides guidance on how the availability of a site should be considered through the land availability assessment. A site can be considered available when on the best information available to the authority (confirmed by the call for sites and information from land owners) there is confidence that there are no legal or ownership problems which could prevent the site from coming forward. Where a potential problem is identified then this will be recorded within the site assessment along with consideration as to how and when such a problem could be realistically be overcome.
- 3.43 The assessment of availability has been informed by the landowner/developer/agent of sites through the call for sites and other evidence base such as the urban capacity assessment where possible. Where landowners/developer/agents have indicated when a site could be developed this has been recorded within the site assessment. Where site has planning permission it will be assumed that the development will commence within the timescales of the planning permission unless clear evidence is provided which suggests otherwise.

#### What factors should be considered when assessing achievability?

- 3.44 A site will be considered achievable for development where there is a reasonable prospect of the particular type of development being developed on the site at a particular point in time. This is a judgement about the economic viability of the site and the capacity of the developer to complete and let/sell the development. If a development does not release a viable return on investment then it is unlikely it will be brought forward. Viability can be affected by various factors including market, cost and delivery factors.
- 3.45 The District Council has prepared [updated viability evidence](#) to support the progression of the local plan and the community infrastructure levy (CIL). This evidence will inform the assessment of achievability for a site within the land availability assessment. Given the large

number of sites within the ELAA the viability of individual sites will not be tested. The current viability evidence available to the council indicates that in general terms development for employment and residential development within the district is viable.

- 3.46 Where additional evidence with regards to viability and achievability is available this will be recoded within the site assessment and used to assist in the assessment of achievability.

### Stage 3: Windfall assessment

- 3.47 The PPG and NPPF make clear that a windfall allowance in respect of residential development can be included within the five year supply where an authority has compelling evidence to support the allowance. Authorities also have the ability to identify broad locations in years 6-15 which could include a windfall allowance.
- 3.48 The current local plan includes a windfall allowance of 55 dwellings per annum. This represents a cautious approach based upon evidence within earlier editions of the SHLAA and the Urban Capacity Assessment undertaken in 2016. This windfall allowance was considered to be appropriate by the inspector undertaking the examination of the Local Plan Allocations document<sup>2</sup>.
- 3.49 Table 3 sets summarises the number of homes delivered each year on windfall sites, those sites delivering 1-4 dwellings.

Table 3: Windfall assessment

Year	Completed on sites for 1-4 dwellings	Completed on sites for 1-4 dwellings
2008/2009	159	-
2009/2010	32	32
2010/2011	79	79
2011/2012	39	39
2012/2013	58	58
2013/2014	48	48
2014/2015	79	79
2015/2016	48	48
2016/2017	82	82
2017/2018	62	62
2018/2019	36	36
2019/2020	39	39
2020/2021	82	82
2021/2022	13 <sup>3</sup>	13
<b>Average per annum</b>	<b>52.1</b>	<b>43.8</b>

- 3.50 Table 3 demonstrates that homes have consistently been delivered from windfall sites since the start of the plan period at an average of 52.1 dwellings each year. It is considered that

<sup>2</sup> Report on the examination of the Lichfield District Local Plan Allocations paragraph 62.

<sup>3</sup> It should be noted that due to resources a detailed survey of small site completions was not undertaken in 2021/2022 and as such this figure is significantly lower than in previous years.

the windfall allowance of 55 dwellings per annum used within the local plan represents a robust but cautious allowance to be included within supply calculations

#### Stage 4: Assessment review

##### How should the assessment be reviewed?

- 3.51 Following the completion of the site assessment the findings will be presented to illustrate the development potential of the sites considered through the land availability assessments ([see section 4 of this document](#)).
- 3.52 The outcome of the land availability assessment illustrates the level of available land bearing in mind the policy off approach of the assessment. The assessment of a site as available does not and should not be considered as suggesting the site would be allocated or achieve planning permission.

##### What happens if the trajectory indicates there are insufficient sites/broad locations to meet need?

- 3.53 Should the assessment review conclude that there is insufficient sites to meet development needs then plan the PPG suggests the assessment should be revisited with consideration of some of the assessments assumptions on development potential including physical; and policy constraints. As set out at [section 4](#) of this document it is concluded that there are sufficient sites to meet the identified need including those sites which have been delivered during the plan period.

#### Stage 5: Final evidence base

- 3.54 The core outputs of the assessment are presented in the section 4 of this document.
- 3.55 The preparation and publication of the SHLAA enables a clear base for the monitoring of housing land provision against the requirements set within the Local Plan. The SHLAA will be a 'living' document and will be continually updated and published annually. Additional sites (or any changes to sites) will be added to the Council's database on submission. Where such information means the inclusion of a new site or amendments to existing site assessments this will be contained within subsequent publications of the document.
- 3.56 The SHLAA will be updated and published annually. Previous editions of the SHLAA will remain available so that progress of the supply and sites can be viewed across editions of the document.

## 4. Assessment review and final evidence base

- 4.1 In total 384 sites have been identified and assessed through the SHLAA process, with 26 having been completed and moved to the small sites and completions schedule. Table 4 summarises the conclusions of the assessment and details the housing land supply position in Lichfield District on 1 April 2021. Individual site assessments are set out at [Appendix B](#). The small sites and completions schedule published alongside this SHLAA details those sites which have been completed between 2008 and 2022 and these completions are also summarised below.

Table 4: Summary of assessment

Settlement (aligned to spatial strategy)	Under construction (UC)	Full planning permission (PPF)	Outline planning permission (PPO)	Deliverable – not within Green Belt	Deliverable – within Green Belt	Developable – not within Green Belt	Developable – within Green Belt	Total

## Appendix A: Land availability assessment panel

- A.1 The [National Planning Practice Guidance](#) advocates that land availability assessments should be prepared and reviewed regularly working with other local planning authorities in the relevant HMA or FEA. It also recommends that the following should be involved from the earliest stages of plan preparation, which includes the evidence base in relation to land availability assessments (ID: 3-008-20140306): Developers and those with land interests; land, promoters; local property agents; local communities; partner organisations; local enterprise partnerships; businesses and business representative organisations; parish and town councils including those preparing neighbourhood plans.
- A.2 Cannock Chase and Lichfield District Councils determined to set up a joint land availability assessment panel which built upon the success of earlier panels which had been set up by the councils individually. The panel are consulted upon the draft methodology and will be consulted upon each annual edition of the assessments. Its remit being to consider the methodology and detailed approach to site assessment as set out at section 2 of this document.
- A.3 The panel comprises of the following:
- Representatives from Lichfield District and Cannock Chase District Councils;
  - Representatives from a parish council perspective - Cannock Wood Parish Council;
  - Representatives from the development community including St Modwen, Persimmon Homes, Barratt and David Wilson Homes and Bromford Housing Group;
  - Representatives from the land promotion sector including First City and Richborough Estates;
  - Representatives from planning consultants active in the area including CT Planning, Pegasus Group and RPS;
  - Representatives from the statutory consultees (Natural England, Historic England and the Environment Agency); and
  - Representatives from other local planning authorities including South Staffordshire District Council, Tamworth Borough Council and Stafford Borough Council.
- A.4 The Panel members take part in the process subject to the panel's terms of reference. The specific terms which the panel operate have been agreed by the panel and defined as:
- To assist in the production of robust land availability assessments for the council by helping to achieve agreement on the assessment's methodology;
  - To share information and intelligence on market conditions and viability in relation to housing and employment developments;
  - To consider and give advice on the findings of the assessments and to help come to a view on suitability, deliverability and developability of sites including the consideration of site constraints;
  - To act as an independent body that is representative of key stakeholders/sectors for the purpose of the preparation of the assessments; and
  - To undertake any other tasks agreed with the panel for the purpose of preparing the land availability assessments

## Appendix B: Site assessments

B.1 Table C1 sets out the sites which currently benefit from planning permission or are under construction. Following this table the individual site assessments of all sites are set out in numerical order.

Table B1: Sites with extant planning permission

UC – Under construction

PPF – Full planning permission

PPO – Outline planning permission

SHLAA ID	Site name	Settlement	Status	Planning application reference	Net yield of homes	SHLAA category
6	Main Street, former Whittington Youth Centre	Whittington	UC	17/01160/FUL	8	Deliverable
18	Land at Anson Road, Alrewas	Alrewas	UC	18/00961/FULM	43 (15 remain to be complete)	Deliverable
22	Land north of Dark Lane	Alrewas	UC	13/01175/FULM & 18/01491/FULM	121 (72 remain to be completed)	Deliverable
28	Hay End Lane, land north of, Old Hall Farm	Fradley	UC	13/00633/OUTM & 19/00555/REMM	250 (227 remain to be completed)	Deliverable
29	The Shrubbery, land at	Elford	UC	17/01379/OUTM & 19/00662/REMM	25	Deliverable
37	St Chads House, Cross Keys	Lichfield	PPF	18/00331/FULM	12	Deliverable
42	Packington Hall, Tamworth Road	Other rural	UC	15/00485/FULM	28 (4 remain to be completed)	Deliverable
43	Land at Quonians Lane, the works	Lichfield	UC	19/00318/FULM	74	Deliverable
46	Beacon Street, former Angel Croft hotel	Lichfield	UC	17/0099/FUL	7	Deliverable
47	Grange Lane, The Windmill PH	Lichfield	UC	17/01477/FULM	12	Deliverable

382	Chesterfield Road, land adjacent 106 & 112	Lichfield	PPF	21/00107/FUL	7	Deliverable

## SHLAA ID 1: Trent Valley Road, Lichfield Highway Depot

SHLAA ID: 1 ELAA ID: -	<b>Location: Trent Valley Road, Lichfield Highway Depot</b>
<b>Settlement:</b> Lichfield <b>Ward:</b> Stowe	<b>Planning reference:</b> N/A
<b>Source:</b> Submission	<b>Potential use:</b> Residential
<b>Site area (Ha):</b> 1.02 <b>Net developable area (Ha):</b> 0.86 <b>Density rate applied (dph):</b> 50	<b>Potential dwelling yield:</b> 43 <b>Yield note:</b> 50 dph applied to 80% net developable area. Adjacent site redeveloped at 56 dph. High density likely due to proximity to public transport.
<b>Suitable?</b> Yes	<b>Suitability notes:</b> Within Lichfield which is identified as a key sustainable settlement within the adopted Local Plan. Lichfield identified as key settlement within emerging Local Plan Review. Close proximity to public transport route, services and facilities. Adjacent to residential and employment uses. Potential impacts of noise from adjacent uses, roads and rail adjacent site. Possibility of contaminated land, particularly given adjacent uses. Site is within 1km of SSSI. Within Cannock Chase SAC zone of influence. Possibility of groundwater flooding. Within Lichfield City neighbourhood area.
<b>Available?</b> Yes	<b>Availability notes:</b> Landowner has promoted site for residential development. Site unlikely to be available in short term as alternative location for current uses would be required.

<b>SHLAA ID: 1</b> ELAA ID: -	<b>Location: Trent Valley Road, Lichfield Highway Depot</b>
<b>Achievable?</b> Yes	<b>Achievability notes:</b> Potential remediation works which could be required may impact upon viability of site for residential development. Location of site could deliver higher density scheme which could increase viability.
<b>When is the site likely to come forward?</b>	6-10 years.
<b>SHLAA category</b>	Developable

## SHLAA ID 2: Land north of Little Aston

<b>SHLAA ID: 2</b> ELAA ID: -	<b>Location: Land north of Little Aston</b>
<b>Settlement:</b> Little Aston <b>Ward:</b> Little Aston & Stonnall	<b>Planning reference:</b> N/A
<b>Source:</b> Submission	<b>Potential use:</b> Residential
<b>Site area (Ha):</b> 146.9 <b>Net developable area (Ha):</b> 71.65 <b>Density rate applied (dph):</b> 30	<b>Potential dwelling yield:</b> 2364 <b>Yield note:</b> Yield based on masterplan provided as part of site promotion.
<b>Suitable?</b> Yes	<b>Suitability notes:</b> Outside village settlement boundary. Settlement is not considered to be a sustainable settlement within the adopted Local Plan, does not comply with current development plan policies. Little Aston identified as potential sustainable settlement (level 3 - larger service village) within emerging Local Plan Review. Adjacent to agricultural and residential uses. Within Green Belt. Part grade 2 agricultural land. Part Grade 3 agricultural land. Flood zone 2 and Flood zone 3 within site. Adjacent conservation area. Listed building adjacent to site. TPO's adjacent to site. Possibility of groundwater flooding. BAS within site. Possibility of contaminated land. Within mineral safeguarding area. Electricity pylon within site. Within Little Aston neighbourhood area. Part of site within Stonnall neighbourhood area.
<b>Available?</b> Yes	<b>Availability notes:</b> Site was previously promoted for residential development.
<b>Achievable?</b> No	<b>Achievability notes:</b> Unknown at this stage given scale or proposal and potential mitigation required in terms of suitability issues.
<b>When is the site likely to come forward?</b>	-
<b>SHLAA category</b>	Not developable

## SHLAA ID 3: Cannock Road, site of former Greenwood House

<b>SHLAA ID: 3</b> ELAA ID: -	<b>Location: Cannock Road, site of former Greenwood House</b>
<b>Settlement:</b> Burntwood <b>Ward:</b> All Saints	<b>Planning reference:</b> N/A
<b>Source:</b> Submission	<b>Potential use:</b> Health
<b>Site area (Ha):</b> 0.53 <b>Net developable area (Ha):</b> 0.42 <b>Density rate applied (dph):</b> 40	<b>Potential dwelling yield:</b> 17 <b>Yield note:</b> 40 dph applied to 80% net developable area.
<b>Suitable?</b> Yes	<b>Suitability notes:</b> Within Burntwood which is identified as a key sustainable settlement within the adopted Local Plan. Burntwood identified as key settlement within emerging Local Plan Review. Close proximity to public transport route, services and facilities. Adjacent to residential and commercial uses.

SHLAA ID: 3 ELAA ID: -	<b>Location: Cannock Road, site of former Greenwood House</b>
	SBI within 1km. Within Forest of Mercia area. Within area with possibility of coal subsidence. Within Cannock Chase SAC zone of influence. Possibility of groundwater flooding. Within Burntwood neighbourhood area.
<b>Available?</b> No	<b>Availability notes:</b> Site was previously promoted for residential development. Site in process of being redeveloped for health facility.
<b>Achievable?</b> No	<b>Achievability notes:</b> No known constraints to redevelopment. Not considered achievable as in process of redevelopment for health use.
<b>When is the site likely to come forward?</b>	-
<b>SHLAA category</b>	Not developable

## SHLAA ID 4: Land east of Birmingham Road, Shenstone

SHLAA ID: 4 ELAA ID: -	<b>Location: Land east of Birmingham Road, Shenstone</b>
<b>Settlement:</b> Shenstone <b>Ward:</b> Shenstone	<b>Planning reference:</b> N/A
<b>Source:</b> Submission	<b>Potential use:</b> Residential
<b>Site area (Ha):</b> 81.7 <b>Net developable area (Ha):</b> 49.0 <b>Density rate applied (dph):</b> -	<b>Potential dwelling yield:</b> 1000 <b>Yield note:</b> Yield based on information submitted alongside site promotion.
<b>Suitable?</b> Yes	<b>Suitability notes:</b> Outside village settlement boundary. Adjacent to Shenstone which is identified as a key sustainable settlement within the adopted Local Plan. Shenstone identified as key settlement within emerging Local Plan Review. Close proximity to public transport route, services and facilities. Adjacent to residential uses. Within Green Belt. Part grade 2 agricultural land. Part grade 3 agricultural land. Flood zone 2 and Flood zone 3 within site. Possibility of groundwater flooding. Listed building adjacent to site. Ancient woodland within 1km. BAS within 1km. BAS within 1km. Adjacent to local green space. Within mineral safeguarding area. Within Cannock Chase SAC zone of influence. Within Shenstone neighbourhood area.
<b>Available?</b> Yes	<b>Availability notes:</b> Landowner has promoted site for residential development.
<b>Achievable?</b> Yes	<b>Achievability notes:</b> No known constraints.
<b>When is the site likely to come forward?</b>	6-10 years (675 dwellings), 11-15 Years (325 dwellings)
<b>SHLAA category</b>	Developable

## SHLAA ID 5: Land at Maple Close, Burntwood

SHLAA ID: 5 ELAA ID: -	<b>Location: Land at Maple Close, Burntwood</b>
<b>Settlement:</b> Burntwood <b>Ward:</b> Chasetown	<b>Planning reference:</b> 22/00658/FULM – Application yet to be determined at base date of assessment.
<b>Source:</b> Allocation	<b>Potential use:</b> Residential
<b>Site area (Ha):</b> 1.33 <b>Net developable area (Ha):</b> 1.06 <b>Density rate applied (dph):</b> 30	<b>Potential dwelling yield:</b> 32 <b>Yield note:</b> 30 dph applied to 80% net developable area.
<b>Suitable?</b> Yes	<b>Suitability notes:</b> Site allocated within adopted local plan allocations. Within Burntwood which is identified as a key sustainable settlement within the adopted Local Plan. Burntwood identified as key settlement within emerging Local Plan

<b>SHLAA ID: 5</b> ELAA ID: -	<b>Location: Land at Maple Close, Burntwood</b>
	Review. Close proximity to public transport route, services and facilities. Adjacent to residential uses. SBI within 1km. Within Forest of Mercia area. Within area with possibility of coal subsidence. Within Cannock Chase SAC zone of influence. Possibility of groundwater flooding. Within Burntwood neighbourhood area.
<b>Available?</b> Yes	<b>Availability notes:</b> Site has been promoted by the owner/agent. Site allocated for residential development within local plan allocations.
<b>Achievable?</b> Yes	<b>Achievability notes:</b> No known constraints.
<b>When is the site likely to come forward?</b>	6-10 years
<b>SHLAA category</b>	Developable

## SHLAA ID 6: Main Street, former Whittington Youth Centre

<b>SHLAA ID: 6</b>	<b>Location: Main Street, former Whittington Youth Centre</b>
Status: Under construction	<b>Notes:</b> Site under construction. Site allocated for residential development within local plan allocations.
SHLAA category:	Deliverable

## SHLAA ID 7: Minster Hall Youth Centre, Lichfield

<b>SHLAA ID: 7</b> ELAA ID: -	<b>Location: Minster Hall Youth Centre, Lichfield</b>
<b>Settlement:</b> Lichfield <b>Ward:</b> Stowe	<b>Planning reference:</b> N/A
<b>Source:</b> Submission	<b>Potential use:</b> Residential
<b>Site area (Ha):</b> 0.15 <b>Net developable area (Ha):</b> 0.15 <b>Density rate applied (dph):</b> 50	<b>Potential dwelling yield:</b> 8 <b>Yield note:</b> 50 dph applied to 100% net developable area.
<b>Suitable?</b> Yes	<b>Suitability notes:</b> Within Lichfield which is identified as a key sustainable settlement within the adopted Local Plan. Lichfield identified as key settlement within emerging Local Plan Review. Within city centre, close to public transport, services and facilities. Adjacent to retail, commercial and town centre uses. Potential impacts of noise from adjacent uses. SSSI within 1km. Within Cannock Chase SAC zone of influence. Within Lichfield City neighbourhood area.
<b>Available?</b> Yes	<b>Availability notes:</b> Site has been promoted by the owner/agent.
<b>Achievable?</b> Yes	<b>Achievability notes:</b> No known constraints.
<b>When is the site likely to come forward?</b>	6-10 years
<b>SHLAA category</b>	Developable

## SHLAA ID 8: Slade Farm, Canwell

<b>SHLAA ID: 8</b> ELAA ID: 69	<b>Location: Slade Farm, Canwell</b>
<b>Settlement:</b> Other rural <b>Ward:</b> Bourne Vale	<b>Planning reference:</b> N/A
<b>Source:</b> Submission	<b>Potential use:</b> Residential and/or employment (see ELAA)

SHLAA ID: 8 ELAA ID: 69	<b>Location: Slade Farm, Canwell</b>
<b>Site area (Ha):</b> 14.4 <b>Net developable area (Ha):</b> 8.64 <b>Density rate applied (dph):</b> 30	<b>Potential dwelling yield:</b> 259 <b>Yield note:</b> 30 dph applied to 60% net developable area.
<b>Suitable?</b> No	<b>Suitability notes:</b> Site is outside of recognised settlement and is located within the rural area. Greenfield site. Within Green Belt. Agricultural land classification grade 3. BAS within 1km. SBI within 1km. Within mineral safeguarding area. Possibility of groundwater flooding.
<b>Available?</b> Yes	<b>Availability notes:</b> Site currently in agricultural use. Promoted by landowner/agent for employment and residential uses.
<b>Achievable?</b> Yes	<b>Achievability notes:</b> No known constraints.
<b>When is the site likely to come forward?</b>	-
<b>SHLAA category</b>	Not developable

## SHLAA ID 9: Eastgate Street, Abattoir

SHLAA ID: 9 ELAA ID: -	<b>Location: Eastgate Street, Abattoir</b>
<b>Settlement:</b> Burntwood <b>Ward:</b> Chase Terrace	<b>Planning reference:</b> N/A
<b>Source:</b> Submission	<b>Potential use:</b> Residential
<b>Site area (Ha):</b> 0.57 <b>Net developable area (Ha):</b> 0.45 <b>Density rate applied (dph):</b> 40	<b>Potential dwelling yield:</b> 18 <b>Yield note:</b> 40 dph applied to 80% net developable area.
<b>Suitable?</b> Yes	<b>Suitability notes:</b> Within Burntwood which is identified as a key sustainable settlement within the adopted Local Plan. Burntwood identified as key settlement within emerging Local Plan Review. Close proximity to public transport route, services and facilities. Adjacent to residential uses. SSSI within 1km. SBI within 1km. Within Forest of Mercia area. Within area with possibility of coal subsidence. Within Cannock Chase SAC zone of influence. Possibility of groundwater flooding. Within Burntwood neighbourhood area.
<b>Available?</b> No	<b>Availability notes:</b> Site has been promoted previously by the owner/agent. Site promotion has not been updated through recent Call for Sites or through consultation opportunities. Therefore consider the site is unlikely to be available currently.
<b>Achievable?</b> Yes	<b>Achievability notes:</b> No known constraints.
<b>When is the site likely to come forward?</b>	-
<b>SHLAA category</b>	Not developable

## SHLAA ID 10: Aldridge Road, land adjacent 22

SHLAA ID: 10 ELAA ID: -	<b>Location: Aldridge Road, land adjacent 22</b>
<b>Settlement:</b> Little Aston <b>Ward:</b> Little Aston	<b>Planning reference:</b> N/A
<b>Source:</b> Submission	<b>Potential use:</b> Residential
<b>Site area (Ha):</b> 0.85 <b>Net developable area (Ha):</b> 0.68	<b>Potential dwelling yield:</b> 20 <b>Yield note:</b> 30 dph applied to 80% net developable area.

<b>SHLAA ID: 10</b> <b>ELAA ID: -</b>	<b>Location: Aldridge Road, land adjacent 22</b>
<b>Density rate applied (dph): 30</b>	
<b>Suitable?</b> No	<b>Suitability notes:</b> Outside village settlement boundary. Settlement is not considered to be a sustainable settlement within the adopted Local Plan, does not comply with current development plan policies. Little Aston identified as potential sustainable settlement (level 3 - larger service village) within emerging Local Plan Review. Adjacent to agricultural and residential uses. Within Green Belt. Grade 3 agricultural land. TPO's adjacent to site. Within mineral safeguarding area. Within Little Aston neighbourhood area.
<b>Available?</b> Yes	<b>Availability notes:</b> Site has been promoted previously by the owner/agent.
<b>Achievable?</b> Yes	<b>Achievability notes:</b> No known constraints.
<b>When is the site likely to come forward?</b>	-
<b>SHLAA category</b>	Not developable

## SHLAA ID 11: Hill Lane, land south of Bassetts Pole

<b>SHLAA ID: 11</b> <b>ELAA ID: -</b>	<b>Location: Hill Lane, land south of Bassetts Pole</b>
<b>Settlement:</b> Other rural <b>Ward:</b> Bourne Vale	<b>Planning reference:</b> N/A
<b>Source:</b> Submission	<b>Potential use:</b> Residential
<b>Site area (Ha): 1.08</b> <b>Net developable area (Ha): 0.86</b> <b>Density rate applied (dph): 30</b>	<b>Potential dwelling yield: 26</b> <b>Yield note:</b> 30 dph applied to 60% net developable area.
<b>Suitable?</b> No	<b>Suitability notes:</b> Site is outside of recognised settlement and is located within the rural area. Greenfield site. Within Green Belt. Agricultural land classification grade 3. BAS within 1km. Ground water flooding.
<b>Available?</b> Yes	<b>Availability notes:</b> Site currently in agricultural use. Promoted by landowner/agent for employment and residential uses.
<b>Achievable?</b> Yes	<b>Achievability notes:</b> No known constraints.
<b>When is the site likely to come forward?</b>	-
<b>SHLAA category</b>	Not developable

## SHLAA ID 12: Abnalls Lane, south of Shingle Cottage

<b>SHLAA ID: 12</b> <b>ELAA ID: -</b>	<b>Location: Abnalls Lane, south of Shingle Cottage</b>
<b>Settlement:</b> Lichfield <b>Ward:</b> Leomansley	<b>Planning reference:</b> N/A
<b>Source:</b> Submission	<b>Potential use:</b> Residential
<b>Site area (Ha): 0.78</b> <b>Net developable area (Ha): 0.62</b> <b>Density rate applied (dph): 30</b>	<b>Potential dwelling yield: 19</b> <b>Yield note:</b> 30 dph applied to 80% net developable area.
<b>Suitable?</b> Yes	<b>Suitability notes:</b> Outside of settlement, is adjacent to Lichfield which is identified as a key sustainable settlement within the adopted Local Plan. Lichfield identified as key settlement within emerging Local Plan Review. Close to public transport, services and facilities. Adjacent to residential and recreation uses. Potential impacts of noise from

<b>SHLAA category</b>	Developable

## SHLAA ID 78: Land south of Highfields Road

SHLAA ID: 78 ELAA ID: -	<b>Location: Land south of Highfields Road</b>
<b>Settlement:</b> Burntwood <b>Ward:</b> Hammerwich with Wall	<b>Planning reference:</b> N/A
<b>Source:</b> Submission	<b>Potential use:</b> Residential
<b>Site area (Ha):</b> 11.8 <b>Net developable area (Ha):</b> 7.08 <b>Density rate applied (dph):</b> 30	<b>Potential dwelling yield:</b> 250 <b>Yield note:</b> Yield based on masterplan submitted alongside site information.
<b>Suitable?</b> Yes	<b>Suitability notes:</b> Outside of settlement but is located adjacent to Burntwood which is identified as a key sustainable settlement within the adopted Local Plan. Burntwood identified as key settlement within emerging Local Plan Review. Close proximity to public transport route, services and facilities. Adjacent to residential and agricultural uses. Within Green Belt. Within Forest of Mercia area. Within Cannock

<b>SHLAA ID: 78</b> ELAA ID: -	<b>Location: Land south of Highfields Road</b>
	Chase SAC zone of influence. Flood zone 2 and flood zone 3 within site. SSSI within 1km. SBI within 1km. Landfill area within proximity of site. Within Hammerwich neighbourhood area.
<b>Available?</b> Yes	<b>Availability notes:</b> Site currently in agricultural use. Promoted by landowner/agent for employment and residential uses.
<b>Achievable?</b> Yes	<b>Achievability notes:</b> No known constraints.
<b>When is the site likely to come forward?</b>	6-10 years
<b>SHLAA category</b>	Developable

## SHLAA ID 79: Land off Burton Road, Streethay

<b>SHLAA ID: 79</b> ELAA ID: -	<b>Location: Land off Burton Road, Streethay</b>
<b>Settlement:</b> Lichfield <b>Ward:</b> Stowe	<b>Planning reference:</b> 21/01595/FULM – application not determined at base date of assessment
<b>Source:</b> Submission	<b>Potential use:</b> Residential
<b>Site area (Ha):</b> 0.96 <b>Net developable area (Ha):</b> 0.76 <b>Density rate applied (dph):</b> 50	<b>Potential dwelling yield:</b> 38 <b>Yield note:</b> 50 dph applied to 80% net developable area. Yield based on approximate yield of allocation.
<b>Suitable?</b> Yes	<b>Suitability notes:</b> Site allocated within adopted local plan. Within Lichfield which is identified as a key sustainable settlement within the adopted Local Plan. Lichfield identified as key settlement within emerging Local Plan Review. Close proximity to public transport route, services and facilities. Adjacent to residential uses. Within Cannock Chase SAC zone of influence. Within Lichfield City neighbourhood area.
<b>Available?</b> Yes	<b>Availability notes:</b> Landowner has promoted site for residential development.
<b>Achievable?</b> Yes	<b>Achievability notes:</b> No known constraints. Location of site could deliver higher density scheme which could increase viability.
<b>When is the site likely to come forward?</b>	0-5 Years
<b>SHLAA category</b>	Deliverable

## SHLAA ID 80: Land at Arkall Farm

<b>SHLAA ID: 80</b>	<b>Location: Land at Arkall Farm</b>
Status: Under construction	<b>Notes:</b> Site with outline planning permission (see table B1). Full planning permission granted shortly after base date of this assessment. Site allocated in local plan allocations.
SHLAA category:	Deliverable

## SHLAA ID 81: Land at Cross in Hand Lane

<b>SHLAA ID: 81</b> ELAA ID: -	<b>Location: Land at Cross in Hand Lane</b>
<b>Settlement:</b> Other rural <b>Ward:</b> Longdon	<b>Planning reference:</b> N/A
<b>Source:</b> Submission	<b>Potential use:</b> Residential

<b>SHLAA ID: 81</b> ELAA ID: -	<b>Location: Land at Cross in Hand Lane</b>
<b>Site area (Ha): 1.64</b> <b>Net developable area (Ha): 1.31</b> <b>Density rate applied (dph): 30</b>	<b>Potential dwelling yield: 39</b> <b>Yield note:</b> 30 dph applied to 80% net developable area.
<b>Suitable?</b> No	<b>Suitability notes:</b> Site is outside of recognised settlement and is located within the rural area. Greenfield site. Within Green Belt. Within Forest of Mercia area. Part grade 2 agricultural land. Part grade 3 agricultural land. BAS within 1km. SBI within 1km. Within Cannock Chase SAC zone of influence. Within Lichfield City neighbourhood area.
<b>Available?</b> Yes	<b>Availability notes:</b> Landowner has promoted site for residential development.
<b>Achievable?</b> Yes	<b>Achievability notes:</b> No known constraints.
<b>When is the site likely to come forward?</b>	-
<b>SHLAA category</b>	Not developable

## SHLAA ID 82: Land at Post Office Farm, Syerscote Lane

<b>SHLAA ID: 82</b> ELAA ID: -	<b>Location: Land at Post Office Farm, Syerscote Lane</b>
<b>Settlement:</b> Wigginton <b>Ward:</b> Mease & Tame	<b>Planning reference:</b> N/A
<b>Source:</b> Submission	<b>Potential use:</b> Residential
<b>Site area (Ha): 0.65</b> <b>Net developable area (Ha): 0.52</b> <b>Density rate applied (dph): 30</b>	<b>Potential dwelling yield: 17</b> <b>Yield note:</b> 30 dph applied to 80% net developable area.
<b>Suitable?</b> No	<b>Suitability notes:</b> Outside village settlement boundary. Settlement is not considered to be a sustainable settlement within the adopted Local Plan, does not comply with current development plan policies. Wigginton is not identified as potential sustainable settlement within emerging Local Plan Review. Adjacent to agricultural and residential uses. Part within conservation area. Grade 3 agricultural land. Possibility of groundwater flooding. Within Wigginton and Hopwas neighbourhood area.
<b>Available?</b> Yes	<b>Availability notes:</b> Site has been promoted previously by the owner/agent.
<b>Achievable?</b> Yes	<b>Achievability notes:</b> No known constraints.
<b>When is the site likely to come forward?</b>	-
<b>SHLAA category</b>	Not developable

## SHLAA ID 83: Land off Lullington Road

<b>SHLAA ID: 83</b> ELAA ID: -	<b>Location: Land off Lullington Road</b>
<b>Settlement:</b> Clifton Campville <b>Ward:</b> Mease & Tame	<b>Planning reference:</b> N/A
<b>Source:</b> Submission	<b>Potential use:</b> Residential
<b>Site area (Ha): 0.41</b> <b>Net developable area (Ha): 0.33</b>	<b>Potential dwelling yield: 10</b> <b>Yield note:</b> 30 dph applied to 80% net developable area.

<b>SHLAA ID: 83</b> ELAA ID: -	<b>Location: Land off Lullington Road</b>
<b>Density rate applied (dph): 30</b>	
<b>Suitable?</b> No	<b>Suitability notes:</b> Outside village settlement boundary, small part of site within settlement boundary. Settlement is not considered to be a sustainable settlement within the adopted Local Plan, does not comply with current development plan policies. Harlaston is not identified as potential sustainable settlement within emerging Local Plan Review. Adjacent to agricultural and residential uses. Adjacent to conservation area. Grade 4 agricultural land. SSSI within 1km. Site is within the River Mease water catchment therefore mitigation will be required. Within mineral safeguarding area.
<b>Available?</b> Yes	<b>Availability notes:</b> Site has been promoted previously by the owner/agent.
<b>Achievable?</b> Yes	<b>Achievability notes:</b> No known constraints.
<b>When is the site likely to come forward?</b>	-
<b>SHLAA category</b>	Not developable

## SHLAA ID 84: Land south of Comberford Lane

<b>SHLAA ID: 84</b> ELAA ID: -	<b>Location: Land south of Comberford Lane</b>
<b>Settlement:</b> Wigginton <b>Ward:</b> Mease & Tame	<b>Planning reference:</b> N/A
<b>Source:</b> Submission	<b>Potential use:</b> Residential
<b>Site area (Ha):</b> 34.2 <b>Net developable area (Ha):</b> 20.52 <b>Density rate applied (dph): 30</b>	<b>Potential dwelling yield:</b> 616 <b>Yield note:</b> 30 dph applied to 60% net developable area.
<b>Suitable?</b> No	<b>Suitability notes:</b> Outside village settlement boundary. Settlement is not considered to be a sustainable settlement within the adopted Local Plan, does not comply with current development plan policies. Wigginton is not identified as potential sustainable settlement within emerging Local Plan Review. Adjacent to agricultural and residential uses. Adjacent conservation area. Part grade 2 agricultural land. Part grade 3 agricultural land. Possibility of groundwater flooding. SCC have previously highlighted negative impact on local highway network. Possibility of contaminated land. Landfill area within proximity of site. Within Wigginton and Hopwas neighbourhood area.
<b>Available?</b> Yes	<b>Availability notes:</b> Site has been promoted previously by the owner/agent.
<b>Achievable?</b> Yes	<b>Achievability notes:</b> No known constraints.
<b>When is the site likely to come forward?</b>	-
<b>SHLAA category</b>	Not developable

## SHLAA ID 85: Land south of Lichfield Strategic Development Allocation (St Johns)

<b>SHLAA ID: 85</b>	<b>Location: Land south of Lichfield Strategic Development Allocation (St Johns)</b>
Status: Under construction	<b>Notes:</b> Site under construction (see table B1). Site allocated in Local Plan Strategy.
SHLAA category:	Deliverable

## SHLAA ID 86: Land off Meadow Brook Road

<b>SHLAA ID: 86</b> <b>ELAA ID: -</b>	<b>Location: Land off Meadow Brook Road</b>
<b>Settlement:</b> Lichfield <b>Ward:</b> Curborough	<b>Planning reference:</b> N/A

<b>Site area (Ha):</b> 0.67 <b>Net developable area (Ha):</b> 0.53 <b>Density rate applied (dph):</b> 30	<b>Potential dwelling yield:</b> 16 <b>Yield note:</b> 30dph applied to 80% of net developable area.
<b>Suitable?</b> No	<b>Suitability notes:</b> Outside village settlement boundary. Adjacent to Fradley which is identified as a key sustainable settlement within the adopted Local Plan. Fradley identified as key settlement within emerging Local Plan Review. Grade 3 agricultural land. SBI within 1km. Within Cannock Chase SAC zone of influence. Within mineral safeguarding area. Oil pipeline within site. Within Fradley neighbourhood area.
<b>Available?</b> Yes	<b>Availability notes:</b> Promoted by landowner/agent for employment and residential uses.
<b>Achievable?</b> Yes	<b>Achievability notes:</b> Given location of oil pipeline within site it is unlikely that development could take place given required buffer.
<b>When is the site likely to come forward?</b>	-
<b>SHLAA category</b>	Not developable

## SHLAA ID 126: Land at Dunmore Hay Lane (3)

<b>SHLAA ID: 126</b> ELAA ID: -	<b>Location: Land at Dunmore Hay Lane (3)</b>
<b>Settlement:</b> Fradley <b>Ward:</b> Alrewas and Fradley	<b>Planning reference:</b> N/A
<b>Source:</b> Submission	<b>Potential use:</b> Residential
<b>Site area (Ha):</b> 2.43 <b>Net developable area (Ha):</b> 1.46 <b>Density rate applied (dph):</b> 30	<b>Potential dwelling yield:</b> 44 <b>Yield note:</b> 30dph applied to 60% of net developable area.
<b>Suitable?</b> No	<b>Suitability notes:</b> Outside village settlement boundary. Adjacent to Fradley which is identified as a key sustainable settlement within the adopted Local Plan. Fradley identified as key settlement within emerging Local Plan Review. Grade 3 agricultural land. SBI within 1km. Within Cannock Chase SAC zone of influence. Within mineral safeguarding area. Oil pipeline within site. Within Fradley neighbourhood area.
<b>Available?</b> Yes	<b>Availability notes:</b> Promoted by landowner/agent for employment and residential uses.

SHLAA ID: 126 ELAA ID: -	<b>Location: Land at Dunmore Hay Lane (3)</b>
<b>Achievable?</b> No	<b>Achievability notes:</b> Given location of oil pipeline within site it is unlikely that development could take place given required buffer.
<b>When is the site likely to come forward?</b>	-
<b>SHLAA category</b>	Not developable

## SHLAA ID 127: Land off Church Lane

SHLAA ID: 127 ELAA ID: -	<b>Location: Land off Church Lane</b>
<b>Settlement:</b> Armitage with Handsacre <b>Ward:</b> Armitage with Handsacre	<b>Planning reference:</b> N/A
<b>Source:</b> Submission	<b>Potential use:</b> Residential
<b>Site area (Ha):</b> 0.89 <b>Net developable area (Ha):</b> 0.71 <b>Density rate applied (dph):</b> 30	<b>Potential dwelling yield:</b> 21 <b>Yield note:</b> 30dph applied to 60% of net developable area.
<b>Suitable?</b> Yes	<b>Suitability notes:</b> Outside village settlement boundary. Adjacent to Armitage with Handsacre which is identified as a key sustainable settlement within the adopted Local Plan. Armitage with Handsacre identified as key settlement within emerging Local Plan Review. Close proximity to public transport route, services and facilities. Adjacent to residential uses. Within Green Belt. Grade 3 agricultural land. Adjacent conservation area. Listed building adjacent to site. BAS within 1km. SBI within 1km. Within Cannock Chase SAC zone of influence. Within area with possibility of coal subsidence. Within mineral safeguarding area. Landfill area adjacent to site. Within Armitage with Handsacre neighbourhood area.
<b>Available?</b> Yes	<b>Availability notes:</b> Promoted by landowner/agent for employment and residential uses.
<b>Achievable?</b> Yes	<b>Achievability notes:</b> No known constraints.
<b>When is the site likely to come forward?</b>	6-10 years
<b>SHLAA category</b>	Developable

## SHLAA ID 128: Land south of Little Aston Golf Club

SHLAA ID: 128 ELAA ID: -	<b>Location: Land south of Little Aston Golf Club</b>
<b>Settlement:</b> Little Aston <b>Ward:</b> Little Aston & Stonnall	<b>Planning reference:</b> N/A
<b>Source:</b> Submission	<b>Potential use:</b> Residential
<b>Site area (Ha):</b> 17.52 <b>Net developable area (Ha):</b> 10.51 <b>Density rate applied (dph):</b> 30	<b>Potential dwelling yield:</b> 315 <b>Yield note:</b> 30 dph applied to 60% net developable area.
<b>Suitable?</b> No	<b>Suitability notes:</b> Outside village settlement boundary. Settlement is not considered to be a sustainable settlement within the adopted Local Plan, does not comply with current development plan policies. Little Aston identified as potential sustainable settlement (level 3 - larger service village) within emerging Local Plan Review. Adjacent to agricultural, recreational and residential uses. Railway adjacent to site, consideration of noise would be required. Within Green Belt. Grade 3 agricultural land. Adjacent conservation area. Adjacent listed building. TPO's within site. Within

<b>SHLAA ID: 128</b> ELAA ID: -	<b>Location: Land south of Little Aston Golf Club</b>
	mineral safeguarding area. Unclear how site can be accessed. Within Little Aston neighbourhood area.
<b>Available?</b> Yes	<b>Availability notes:</b> Site has been promoted previously by the owner/agent.
<b>Achievable?</b> Yes	<b>Achievability notes:</b> Unsure how site can be accessed and how this could impact upon viability.
<b>When is the site likely to come forward?</b>	-
<b>SHLAA category</b>	Not developable

## SHLAA ID 129: Land south of Burton Road, Streethay

<b>SHLAA ID: 129</b> ELAA ID: -	<b>Location: Land south of Burton Road, Streethay</b>
<b>Settlement:</b> Lichfield <b>Ward:</b> Whittington & Streethay	<b>Planning reference:</b> N/A
<b>Source:</b> Submission	<b>Potential use:</b> Residential
<b>Site area (Ha):</b> 2.40 <b>Net developable area (Ha):</b> 1.44 <b>Density rate applied (dph):</b> 50	<b>Potential dwelling yield:</b> 72 <b>Yield note:</b> 50 dph applied to 60% net developable area.
<b>Suitable?</b> Yes	<b>Suitability notes:</b> Within Lichfield which is identified as a key sustainable settlement within the adopted Local Plan. Lichfield identified as key settlement within emerging Local Plan Review. Close proximity to public transport route, services and facilities. Adjacent to residential uses. Within Cannock Chase SAC zone of influence. Within Lichfield City neighbourhood area.
<b>Available?</b> No	<b>Availability notes:</b> Landowner has previously promoted site for residential development. Site currently in use for employment purposes with little prospect of availability for residential development in short and medium term.
<b>Achievable?</b> Yes	<b>Achievability notes:</b> No known constraints.
<b>When is the site likely to come forward?</b>	-
<b>SHLAA category</b>	Not developable

## SHLAA ID 130: Land east of Rugeley Road

<b>SHLAA ID: 130</b> ELAA ID: -	<b>Location: Land east of Rugeley Road</b>
<b>Settlement:</b> Burntwood <b>Ward:</b> Highfield	<b>Planning reference:</b> N/A
<b>Source:</b> Submission	<b>Potential use:</b> Residential
<b>Site area (Ha):</b> 6.2 <b>Net developable area (Ha):</b> 3.72 <b>Density rate applied (dph):</b> 30	<b>Potential dwelling yield:</b> 149 <b>Yield note:</b> 30dph applied to 60% of net developable area outside of flood zones.
<b>Suitable?</b> Yes	<b>Suitability notes:</b> Outside of settlement but is located adjacent to Burntwood which is identified as a key sustainable settlement within the adopted Local Plan. Burntwood identified as key settlement within emerging Local Plan Review. Close proximity to public transport route, services and facilities. Adjacent to residential uses. Within Green Belt. Within Forest of Mercia area. Within Cannock Chase SAC zone of influence. Flood zone 2 and Flood zone 3 within site. Listed building adjacent to site. BAS within 1km. Within Burntwood neighbourhood area.

SHLAA ID: 130 ELAA ID: -	<b>Location: Land east of Rugeley Road</b>
<b>Available?</b> Yes	<b>Availability notes:</b> Site has been promoted previously by the owner/agent.
<b>Achievable?</b> Yes	<b>Achievability notes:</b> No known constraints.
<b>When is the site likely to come forward?</b>	6-10 years
<b>SHLAA category</b>	Developable

## SHLAA ID 131: Borrow Pit, Rugeley Power Station

SHLAA ID: 131 ELAA ID: -	<b>Location: SHLAA ID 131: Borrow Pit, Rugeley Power Station</b>
<b>Settlement:</b> East of Rugeley <b>Ward:</b> Armitage with Handsacre	<b>Planning reference:</b> N/A
<b>Source:</b> Submission	<b>Potential use:</b> Residential
<b>Site area (Ha):</b> 14.69 <b>Net developable area (Ha):</b> 8.8 <b>Density rate applied (dph):</b> 30	<b>Potential dwelling yield:</b> 264 <b>Yield note:</b> 50 dph applied to 60% net developable area.
<b>Suitable?</b> No	<b>Suitability notes:</b> Site allocated within adopted local plan. Close proximity to public transport route, services and facilities. Adjacent to residential uses. Grade 3 agricultural land. BAS within 1km. SBI within 1km. Majority of site is currently a lake, consider that it is unlikely lake will be filled. Site identified as protected open space within neighbourhood plan. Within Cannock Chase SAC zone of influence. Within Armitage with Handsacre neighbourhood area.
<b>Available?</b> Yes	<b>Availability notes:</b> Landowner has promoted site for residential development.
<b>Achievable?</b> No	<b>Achievability notes:</b> Majority of site is a borrow pit for the adjacent power station. Licence to fill the borrow pit has expired and power generation at the power station has ceased. Therefore unlikely that the lake will be filled.
<b>When is the site likely to come forward?</b>	-
<b>SHLAA category</b>	Not developable

## SHLAA ID 132: Land east of A38, Whitemoor, Alrewas quarry

SHLAA ID: 132 ELAA ID: -	<b>Location: Land east of A38, Whitemoor, Alrewas quarry</b>
<b>Settlement:</b> Other rural <b>Ward:</b> Alrewas & Fradley	<b>Planning reference:</b> N/A
<b>Source:</b> Submission	<b>Potential use:</b> Residential
<b>Site area (Ha):</b> 94.0 <b>Net developable area (Ha):</b> - <b>Density rate applied (dph):</b> -	<b>Potential dwelling yield:</b> 1500 <b>Yield note:</b> Yield taken from promotional material.
<b>Suitable?</b> No	<b>Suitability notes:</b> Site is outside of recognised settlement and is located within the rural area. Remote location. (NB-site is close to Alrewas but separated by trunk road and therefore not considered to relate to the village for the purposes of this assessment). Access to site would require significant infrastructure. Part grade 2 agricultural land. Part grade 3 agricultural land. Significant proportion of site with flood zone 2 and 3. Ancient Woodland within site. BAS within 1km. Within central rivers initiative area Possibility of groundwater flooding. Within mineral safeguarding

<b>SHLAA ID: 132</b> ELAA ID: -	<b>Location: Land east of A38, Whitemoor, Alrewas quarry</b>
	area. Gas pipeline within site. Adjacent the Cannock Chase SAC zone of influence. Adjacent the River Mease water catchment.
<b>Available?</b> Yes	<b>Availability notes:</b> Promoted by landowner/agent for employment and residential uses.
<b>Achievable?</b> No	<b>Achievability notes:</b> Unsure if site can be delivered given current mineral extraction use. Unsure how compensatory works following mineral extraction and infrastructure works which could be required to bring forward development would impact upon viability.
<b>When is the site likely to come forward?</b>	-
<b>SHLAA category</b>	Not developable

## SHLAA ID 133: Burton Road, Trent Valley buffer depot, Streethay

<b>SHLAA ID: 133</b> ELAA ID: -	<b>Location: Burton Road, Trent Valley buffer depot, Streethay</b>
<b>Settlement:</b> Lichfield <b>Ward:</b> Whittington & Streethay	<b>Planning reference:</b> 21/00545/OUTM – application not determined at base date of assessment.
<b>Source:</b> Allocation	<b>Potential use:</b> Residential
<b>Site area (Ha):</b> 2.40 <b>Net developable area (Ha):</b> 1.44 <b>Density rate applied (dph):</b> -	<b>Potential dwelling yield:</b> 50 <b>Yield note:</b> Yield based on allocation
<b>Suitable?</b> Yes	<b>Suitability notes:</b> Site allocated within adopted local plan. Within Lichfield which is identified as a key sustainable settlement within the adopted Local Plan. Lichfield identified as key settlement within emerging Local Plan Review. Close proximity to public transport route, services and facilities. Adjacent to residential and employment uses. Railway adjacent to site, noise requires consideration. Possibility of contaminated land. Within Cannock Chase SAC zone of influence. Within Lichfield City neighbourhood area.
<b>Available?</b> Yes	<b>Availability notes:</b> Landowner has previously promoted site for residential development.
<b>Achievable?</b> Yes	<b>Achievability notes:</b> No known constraints
<b>When is the site likely to come forward?</b>	0-5 years
<b>SHLAA category</b>	Deliverable

## SHLAA ID 134: Land off Walsall Road, Sandyway Farm

<b>SHLAA ID: 134</b> ELAA ID: -	<b>Location: Land off Walsall Road, Sandyway Farm</b>
<b>Settlement:</b> Lichfield <b>Ward:</b> Leomansley	<b>Planning reference:</b> N/A
<b>Source:</b> Submission	<b>Potential use:</b> Residential
<b>Site area (Ha):</b> 0.87 <b>Net developable area (Ha):</b> 0.69 <b>Density rate applied (dph):</b> 30	<b>Potential dwelling yield:</b> 20 <b>Yield note:</b> 30 dph applied to 80% net developable area.
<b>Suitable?</b> Yes	<b>Suitability notes:</b> Outside of settlement, is adjacent to Lichfield which is identified as a key sustainable settlement within the adopted Local Plan. Lichfield identified as key settlement within emerging Local Plan Review. Close proximity to public transport route, services and facilities. Adjacent to agriculture and residential uses. Within

<b>SHLAA ID: 134</b> ELAA ID: -	<b>Location: Land off Walsall Road, Sandyway Farm</b>
	Green Belt. Grade 2 agricultural land. SBI within 1km. Within Cannock Chase SAC zone of influence. Within Forest of Mercia area. Within Lichfield City neighbourhood area.
<b>Available?</b> Yes	<b>Availability notes:</b> Site has been promoted by the owner/agent.
<b>Achievable?</b> Yes	<b>Achievability notes:</b> No known constraints.
<b>When is the site likely to come forward?</b>	6-10 years
<b>SHLAA category</b>	Developable

## SHLAA ID 135: Sanford Street, Beaconsfield House

<b>SHLAA ID: 135</b>	<b>Location: Sanford Street, Beaconsfield House</b>
Status: Under construction	<b>Notes:</b> Site under construction (see table B1). Site allocated in local plan strategy.
SHLAA category:	Deliverable

## SHLAA ID 136: Beacon Street, land rear

<b>SHLAA ID: 136</b> ELAA ID: -	<b>Location: Beacon Street, land rear</b>
<b>Settlement:</b> Lichfield <b>Ward:</b> Stowe	<b>Planning reference:</b> N/A
<b>Source:</b> Submission	<b>Potential use:</b> Residential
<b>Site area (Ha):</b> 0.85 <b>Net developable area (Ha):</b> 0.68 <b>Density rate applied (dph):</b> 30	<b>Potential dwelling yield:</b> 20 <b>Yield note:</b> 30 dph applied to 80% net developable area.
<b>Suitable?</b> Yes	<b>Suitability notes:</b> Within Lichfield which is identified as a key sustainable settlement within the adopted Local Plan. Site allocated for mixed-use development within adopted Local plan. Lichfield identified as key settlement within emerging Local Plan Review. Close to public transport, services and facilities. Adjacent to retail, commercial and town centre uses. Within Conservation Area. Listed Buildings within site. Sensitive location with important views of Cathedral. SSSI within 1km. SBI within 1km. Flood zone 2 and flood zone 3 within site. Possibility of groundwater flooding. Within Cannock Chase SAC zone of influence. Possibility of contaminated land. Within Lichfield City neighbourhood area.
<b>Available?</b> Yes	<b>Availability notes:</b> Site has been promoted by the owner/agent.
<b>Achievable?</b> Yes	<b>Achievability notes:</b> No known constraints.
<b>When is the site likely to come forward?</b>	6-10 years
<b>SHLAA category</b>	Developable

## SHLAA ID 137: Land rear public house, Main Street

<b>SHLAA ID: 137</b> ELAA ID: -	<b>Location: Land rear public house, Main Street</b>
<b>Settlement:</b> Stonnall <b>Ward:</b> Little Aston & Stonnall	<b>Planning reference:</b> N/A

<b>SHLAA ID: 137</b> ELAA ID: -	<b>Location: Land rear public house, Main Street</b>
<b>Source:</b> Submission	<b>Potential use:</b> Residential
<b>Site area (Ha):</b> 0.35 <b>Net developable area (Ha):</b> 0.35 <b>Density rate applied (dph):</b> 30	<b>Potential dwelling yield:</b> 11 <b>Yield note:</b> 30 dph applied to 100% net developable area.
<b>Suitable?</b> No	<b>Suitability notes:</b> Within village settlement boundary. Stonnall identified as potential smaller scale sustainable settlement (level 4 - smaller service village) within emerging Local Plan Review. Adjacent to agricultural and residential uses. Grade 3 agricultural land. Within mineral safeguarding area. Within Stonnall neighbourhood area.
<b>Available?</b> Yes	<b>Availability notes:</b> Site has been promoted previously by the owner/agent.
<b>Achievable?</b> Yes	<b>Achievability notes:</b> No known constraints.
<b>When is the site likely to come forward?</b>	-
<b>SHLAA category</b>	Not developable

## SHLAA 138: Birmingham Road, Guardian House

<b>SHLAA ID: 138</b>	<b>Location: Birmingham Road, Guardian House</b>
Status: Under construction	<b>Notes:</b> Site under construction (see table B1). Site under construction for C2 use.
SHLAA category:	Deliverable

## SHLAA ID 139: Burton Old Road, Hawthorn House

<b>SHLAA ID: 138</b> ELAA ID: -	<b>Location: SHLAA ID 139: Burton Old Road, Hawthorn House</b>
<b>Settlement:</b> Lichfield <b>Ward:</b> Stowe	<b>Planning reference:</b> N/A
<b>Source:</b> Submission	<b>Potential use:</b> Residential
<b>Site area (Ha):</b> 0.6 <b>Net developable area (Ha):</b> 0.48 <b>Density rate applied (dph):</b> 50	<b>Potential dwelling yield:</b> 14 <b>Yield note:</b> 50dph @ 80% of net developable area.
<b>Suitable?</b> Yes	<b>Suitability notes:</b> Within Lichfield which is identified as a key sustainable settlement within the adopted Local Plan. Allocated within adopted local plan. Lichfield identified as key settlement within emerging Local Plan Review. Within city centre, close to public transport, services and facilities. Adjacent to retail, commercial and town centre uses. Currently in use as health and fitness club. Listed Buildings adjacent to site. SSSI within 1km. Within Cannock Chase SAC zone of influence. Within Lichfield City neighbourhood area.
<b>Available?</b> Yes	<b>Availability notes:</b> Site has been promoted by the owner/agent.
<b>Achievable?</b> Yes	<b>Achievability notes:</b> No known constraints.
<b>When is the site likely to come forward?</b>	6-10 years
<b>SHLAA category</b>	Developable

## SHLAA ID 140: Land off Gorse Lane, part of Fradley Strategic Development Allocation

<b>SHLAA ID: 140</b>	<b>Location: Land off Gorse Lane, part of Fradley Strategic Development Allocation</b>
Status: Resolution to grant outline planning permission	<b>Notes:</b> Site with resolution to grant outline planning permission subject to section 106 agreement (see table B1). Site allocated in local plan strategy.
SHLAA category:	Deliverable

## SHLAA ID 141: Land off Scotch Orchard

<b>SHLAA ID: 141</b> ELAA ID: -	<b>Location: Land off Scotch Orchard</b>
<b>Settlement:</b> Lichfield <b>Ward:</b> Stowe	<b>Planning reference:</b> N/A
<b>Source:</b> Submission	<b>Potential use:</b> Residential
<b>Site area (Ha):</b> 0.6 <b>Net developable area (Ha):</b> - <b>Density rate applied (dph):</b> -	<b>Potential dwelling yield:</b> 27 <b>Yield note:</b> Yield based on allocation.
<b>Suitable?</b> Yes	<b>Suitability notes:</b> Within Lichfield which is identified as a key sustainable settlement within the adopted Local Plan. Lichfield identified as key settlement within emerging Local Plan Review. Close proximity to public transport route, services and facilities. Adjacent to residential uses. Possibility of contaminated land, particularly given adjacent uses. Site is within 1km of SSSI. Within Cannock Chase SAC zone of influence. Possibility of groundwater flooding. Within Lichfield City neighbourhood area.
<b>Available?</b> Yes	<b>Availability notes:</b> Landowner has promoted site for residential development. Site unlikely to be available in short term as alternative location for current uses would be required.
<b>Achievable?</b> Yes	<b>Achievability notes:</b> Potential remediation works which could be required may impact upon viability of site for residential development. Location of site could deliver higher density scheme which could increase viability.
<b>When is the site likely to come forward?</b>	6 - 10 years
<b>SHLAA category</b>	Developable

## SHLAA ID 142: Queen Street, Cottage of Content public house

<b>SHLAA ID: 142</b> ELAA ID: -	<b>Location: Queen Street, Cottage of Content public house</b>
<b>Settlement:</b> Burntwood <b>Ward:</b> Chasetown	<b>Planning reference:</b> N/A
<b>Source:</b> Allocation	<b>Potential use:</b> Residential
<b>Site area (Ha):</b> 0.25 <b>Net developable area (Ha):</b> 0.25 <b>Density rate applied (dph):</b> -	<b>Potential dwelling yield:</b> 10 <b>Yield note:</b> 30 dph applied to 80% net developable area.
<b>Suitable?</b> Yes	<b>Suitability notes:</b> Site allocated within adopted local plan allocations. Within Burntwood which is identified as a key sustainable settlement within the adopted Local Plan. Burntwood identified as key settlement within emerging Local Plan Review. Close proximity to public transport route, services and facilities. Adjacent to residential uses. SBI within 1km. Within Forest of Mercia area. Within area with possibility of coal subsidence. Within Cannock Chase SAC zone of influence. Possibility of groundwater flooding. Possibility of contaminated land. Within Burntwood neighbourhood area.
<b>Available?</b> Yes	<b>Availability notes:</b> Site has been promoted by the owner/agent. Site allocated for residential development within local plan allocations.

SHLAA ID: 142 ELAA ID: -	<b>Location: Queen Street, Cottage of Content public house</b>
<b>Achievable?</b> Yes	<b>Achievability notes:</b> No known constraints.

## SHLAA ID 151: Land off Church Street

<b>SHLAA ID: 151</b> <b>ELAA ID: -</b>	<b>Location: Land off Church Street</b>
<b>Settlement:</b> Lichfield <b>Ward:</b> Stowe	<b>Planning reference:</b> 07/00369/FULM
<b>Source:</b> Submission	<b>Potential use:</b> Residential
<b>Site area (Ha):</b> 0.25 <b>Net developable area (Ha):</b> 0.25 <b>Density rate applied (dph):</b> -	<b>Potential dwelling yield:</b> 22 <b>Yield note:</b> Yield based on planning permission.
<b>Suitable?</b> Yes	<b>Suitability notes:</b> Within Lichfield which is identified as a key sustainable settlement within the adopted Local Plan. Site allocated for mixed-use development within adopted Local plan. Lichfield identified as key settlement within emerging Local Plan Review. Close to public transport, services and facilities. Adjacent to retail, commercial and town centre uses. Within Conservation Area. Listed buildings and locally listed adjacent to site. Adjacent town centre boundary. SSSI within 1km. Possibility of contaminated land. Within Cannock Chase SAC zone of influence. Within Lichfield City neighbourhood area.
<b>Available?</b> No	<b>Availability notes:</b> Extant planning permission for 22 apartments as part of redevelopment of supermarket store. Residential element has not been implanted. Implementation of residential element of scheme is unlikely and therefore site is not available.
<b>Achievable?</b> Yes	<b>Achievability notes:</b> No known constraints.
<b>When is the site likely to come forward?</b>	-
<b>SHLAA category</b>	Not developable

## SHLAA ID 152: Land west of Sutton Road

<b>SHLAA ID: 152</b> <b>ELAA ID: -</b>	<b>Location: Land west of Sutton Road</b>
<b>Settlement:</b> Fazeley, Mile Oak & Bonehill <b>Ward:</b> Fazeley	<b>Planning reference:</b> N/A
<b>Source:</b> Submission	<b>Potential use:</b> Residential
<b>Site area (Ha):</b> 53.9 <b>Net developable area (Ha):</b> 32.34	<b>Potential dwelling yield:</b> 971 <b>Yield note:</b> 30dph applied to 60% of net developable.

<b>SHLAA ID: 152</b> <b>ELAA ID: -</b>	<b>Location: Land west of Sutton Road</b>
<b>Density rate applied (dph): 30</b>	
<b>Suitable?</b> Yes	<b>Suitability notes:</b> Outside of settlement boundary. Adjacent to Fazeley, Mile Oak & Bonehill which is identified as a key sustainable settlement within the adopted Local Plan. Fazeley Mile Oak & Bonehill identified as key settlement within emerging Local Plan Review. Site is within strategic housing allocation as identified within the emerging Local Plan Review. Close proximity to public transport route, services and facilities. Adjacent to residential uses. Within green Belt. Part grade 2 agricultural land. Part grade 3 agricultural land. Possibility of groundwater flooding. BAS within 1km. SBI within 1km. Listed structure adjacent to site. Possibility of contaminated land. Within Fazeley neighbourhood area.
<b>Available?</b> Yes	<b>Availability notes:</b> Promoted by landowner/agent for employment and residential uses.
<b>Achievable?</b> Yes	<b>Achievability notes:</b> No known constraints.
<b>When is the site likely to come forward?</b>	6-10 years (675 dwellings), 11+ years (296 dwellings)
<b>SHLAA category</b>	Developable

## SHLAA ID 153: Land off Heath Close

<b>SHLAA ID: 153</b> <b>ELAA ID: -</b>	<b>Location: Land off Heath Close</b>
<b>Settlement:</b> Stonnall <b>Ward:</b> Little Aston & Stonnall	<b>Planning reference:</b> N/A
<b>Source:</b> Submission	<b>Potential use:</b> Residential
<b>Site area (Ha):</b> 3.42 <b>Net developable area (Ha):</b> 2.05 <b>Density rate applied (dph):</b> 30	<b>Potential dwelling yield:</b> 62 <b>Yield note:</b> 30 dph applied to 80% net developable area.
<b>Suitable?</b> No	<b>Suitability notes:</b> Outside village settlement boundary. Settlement is not considered to be a sustainable settlement within the adopted Local Plan, does not comply with current development plan policies. Stonnall identified as potential smaller scale sustainable settlement (level 4 - smaller service village) within emerging Local Plan Review. Adjacent to agricultural and residential uses. Within Green Belt. Grade 2 agricultural land. TPO within site. Within mineral safeguarding area. Within Stonnall neighbourhood area.
<b>Available?</b> Yes	<b>Availability notes:</b> Site has been promoted previously by the owner/agent.
<b>Achievable?</b> Yes	<b>Achievability notes:</b> No known constraints.
<b>When is the site likely to come forward?</b>	-
<b>SHLAA category</b>	Not developable

## SHLAA ID 154: Land at Thornes House

<b>SHLAA ID: 154</b> <b>ELAA ID: -</b>	<b>Location: Land at Thornes House</b>
<b>Settlement:</b> Stonnall <b>Ward:</b> Little Aston & Stonnall	<b>Planning reference:</b> N/A
<b>Source:</b> Submission	<b>Potential use:</b> Residential
<b>Site area (Ha):</b> 1.82	<b>Potential dwelling yield:</b> 43

<b>SHLAA ID: 154</b> ELAA ID: -	<b>Location: Land at Thornes House</b>
<b>Net developable area (Ha): 1.45</b> <b>Density rate applied (dph): 30</b>	<b>Yield note:</b> 30 dph applied to 80% net developable area.
<b>Suitable?</b> No	<b>Suitability notes:</b> Outside village settlement boundary. Settlement is not considered to be a sustainable settlement within the adopted Local Plan, does not comply with current development plan policies. ## SHLAA ID 245: Land south of Armitage Road (2)

<b>SHLAA ID: 245</b> ELAA ID: -	<b>Location: Land south of Armitage Road (2)</b>
<b>Settlement:</b> East of Rugeley <b>Ward:</b> Armitage with Handsacre	<b>Planning reference:</b> N/A
<b>Source:</b> Submission	<b>Potential use:</b> Residential
<b>Site area (Ha):</b> 3.7 <b>Net developable area (Ha):</b> 2.22 <b>Density rate applied (dph):</b> 30	<b>Potential dwelling yield:</b> 66 <b>Yield note:</b> 30dph applied to 60% of net developable area.
<b>Suitable?</b> No	<b>Suitability notes:</b> Site is outside of recognised settlement and is located within the rural area. Remote location. Greenfield site. Within Green Belt. Part grade 4 agricultural land. Adjacent conservation area. Listed building adjacent to site. BAS within 1km. SBI within 1km. Within Cannock Chase SAC zone of influence. Possibility of groundwater flooding. Within area with possibility of coal subsidence. Within mineral safeguarding area. Landfill area adjacent to site. Within Armitage with Handsacre neighbourhood area.

SHLAA ID: 245 ELAA ID: -	<b>Location: Land south of Armitage Road (2)</b>
<b>Available?</b> Yes	<b>Availability notes:</b> Promoted by landowner/agent for employment and residential uses.
<b>Achievable?</b> Yes	<b>Achievability notes:</b> No known constraints.
<b>When is the site likely to come forward?</b>	-
<b>SHLAA category</b>	Not developable

## SHLAA ID 246: Land south of Church Lane

SHLAA ID: 246 ELAA ID: -	<b>Location: Land south of Church Lane</b>
<b>Settlement:</b> Hill Ridware <b>Ward:</b> Colton & The Ridwares	<b>Planning reference:</b> N/A
<b>Source:</b> Submission	<b>Potential use:</b> Residential
<b>Site area (Ha):</b> 1.1 <b>Net developable area (Ha):</b> 0.88 <b>Density rate applied (dph):</b> 30	<b>Potential dwelling yield:</b> 26 <b>Yield note:</b> 30 dph applied to 80% net developable area.
<b>Suitable?</b> No	<b>Suitability notes:</b> Outside village settlement boundary. Settlement is not considered to be a sustainable settlement within the adopted Local Plan, does not comply with current development plan policies. Hill Ridware is not identified as potential sustainable settlement within emerging Local Plan Review. Adjacent to agricultural and residential uses. Part grade 2 agricultural land. Part grade 3 agricultural land. SBI within 1km. Within flood zone 2. Within mineral safeguarding area. Within area with possibility of coal subsidence. Within Colton neighbourhood area.
<b>Available?</b> Yes	<b>Availability notes:</b> Site has been promoted previously by the owner/agent.
<b>Achievable?</b> Yes	<b>Achievability notes:</b> Not known how flood mitigation would impact upon viability.
<b>When is the site likely to come forward?</b>	-
<b>SHLAA category</b>	Not developable

## SHLAA ID 247: Trent Valley Road, former GKN site

SHLAA ID: 247 ELAA ID: -	<b>Location: Trent Valley Road, former GKN site</b>
<b>Settlement:</b> Lichfield <b>Ward:</b> Stowe	<b>Planning reference:</b> N/A
<b>Source:</b> Submission	<b>Potential use:</b> Residential/commercial
<b>Site area (Ha):</b> 2.4 <b>Net developable area (Ha):</b> 1.44 <b>Density rate applied (dph):</b> 50	<b>Potential dwelling yield:</b> 72 <b>Yield note:</b> 50 dph applied to 60% net developable area.
<b>Suitable?</b> Yes	<b>Suitability notes:</b> Within Lichfield which is identified as a key sustainable settlement within the adopted Local Plan. Lichfield identified as key settlement within emerging Local Plan Review. Close proximity to public transport route, services and facilities. Adjacent to employment uses. Potential impacts of noise from adjacent uses, roads and rail adjacent site. Possibility of contaminated land, particularly given site and adjacent uses. Within Cannock Chase SAC zone of influence. Possibility of groundwater flooding. Within Lichfield City neighbourhood area.

<b>SHLAA ID: 247</b> ELAA ID: -	<b>Location: Trent Valley Road, former GKN site</b>
<b>Available?</b> Yes	<b>Availability notes:</b> Landowner has promoted site for residential development.
<b>Achievable?</b> Yes	<b>Achievability notes:</b> Potential remediation works which could be required may impact upon viability of site for residential development. Location of site could deliver higher density scheme which could increase viability.
<b>When is the site likely to come forward?</b>	6-10 years
<b>SHLAA category</b>	Developable

SHLAA ID 248: Land at former Cross Keys, former 'What' store

<b>SHLAA ID: 248</b>	<b>Location: Land at former Cross Keys, former 'What' store</b>
Status: Site complete	<b>Notes:</b> Site complete. See small site and completions schedule.

SHLAA ID 249: Land at Watery Lane

<b>SHLAA ID: 249</b>	<b>Location: Land at Watery Lane</b>
Status: Outline planning permission	<b>Notes:</b> Site with outline planning permission (see table B1). Site allocated in local plan allocations.
SHLAA category:	Deliverable

SHLAA ID 250: Land east of Fradley Junction (Fradley West)

<b>SHLAA ID: 250</b> ELAA ID: -	<b>Location: Land east of Fradley Junction (Fradley West)</b>
<b>Settlement:</b> Fradley <b>Ward:</b> Alrewas & Fradley	<b>Planning reference:</b> N/A
<b>Source:</b> Submission	<b>Potential use:</b> Residential
<b>Site area (Ha):</b> 43.5 <b>Net developable area (Ha):</b> 26.1 <b>Density rate applied (dph):</b> 30	<b>Potential dwelling yield:</b> 250 <b>Yield note:</b> Yield based on information submitted as part of site promotion.
<b>Suitable?</b> Yes	<b>Suitability notes:</b> Outside village settlement boundary. Adjacent to Fradley which is identified as a key sustainable settlement within the adopted Local Plan. Fradley identified as key settlement within emerging Local Plan Review. Part grade 2 agricultural land. Part grade 3 agricultural land. Number of BAS within site. SBI within 1km. Within Cannock Chase SAC zone of influence. Within mineral safeguarding area. Possibility of contaminated land. Within Fradley neighbourhood area.
<b>Available?</b> Yes	<b>Availability notes:</b> Landowner has promoted site for residential development.
<b>Achievable?</b> Yes	<b>Achievability notes:</b> No known constraints.
<b>When is the site likely to come forward?</b>	6-10 years
<b>SHLAA category</b>	Developable

SHLAA ID 251: Carroway Head Hill, Bassetts Pole

<b>SHLAA ID: 251</b> ELAA ID: -	<b>Location: Carroway Head Hill, Bassetts Pole</b>
<b>Settlement:</b> Other rural <b>Ward:</b> Bourne Vale	<b>Planning reference:</b> N/A
<b>Source:</b> Submission	<b>Potential use:</b> Residential
<b>Site area (Ha):</b> 9.9 <b>Net developable area (Ha):</b> 5.94 <b>Density rate applied (dph):</b> 30	<b>Potential dwelling yield:</b> 178 <b>Yield note:</b> 30 dph applied to 60% net developable area.
<b>Suitable?</b> No	<b>Suitability notes:</b> Site is outside of recognised settlement and is located within the rural area. Greenfield site. Within Green Belt. Agricultural land classification grade 3. BAS within 1km. SBI within 1km. Within mineral safeguarding area.
<b>Available?</b> Yes	<b>Availability notes:</b> Site currently in agricultural use. Promoted by landowner/agent for residential uses.
<b>Achievable?</b> Yes	<b>Achievability notes:</b> No known constraints.
<b>When is the site likely to come forward?</b>	-
<b>SHLAA category</b>	Not developable

## SHLAA ID 252: Sheasby Park (Part of Fradley Strategic Development Allocation)

<b>SHLAA ID: 252</b>	<b>Location: Sheasby Park (Part of Fradley Strategic Development Allocation)</b>
Status: Under construction	<b>Notes:</b> Site under construction (see table B1). Site allocated in local plan strategy.
SHLAA category:	Deliverable

## SHLAA ID 253: Cannock Road, former Olaf Johnson site

<b>SHLAA ID: 253</b> ELAA ID: -	<b>Location: Cannock Road, former Olaf Johnson site</b>
<b>Settlement:</b> Burntwood <b>Ward:</b> Chasetown	<b>Planning reference:</b> N/A
<b>Source:</b> Submission	<b>Potential use:</b> Residential
<b>Site area (Ha):</b> 2.4 <b>Net developable area (Ha):</b> 1.44 <b>Density rate applied (dph):</b> 40	<b>Potential dwelling yield:</b> 58 <b>Yield note:</b> 40 dph applied to 60% net developable area
<b>Suitable?</b> Yes	<b>Suitability notes:</b> Site is within town centre boundary. Within Burntwood which is identified as a key sustainable settlement within the adopted Local Plan. Burntwood identified as key settlement within emerging Local Plan Review. Close proximity to public transport route, services and facilities. Adjacent to residential uses. SBI within 1km. Within Forest of Mercia area. Within area with possibility of coal subsidence. Possibility of contaminated land. Within Cannock Chase SAC zone of influence. Possibility of groundwater flooding. Within mineral safeguarding area. Within Burntwood neighbourhood area.
<b>Available?</b> No	<b>Availability notes:</b> Site has been promoted by the owner/agent. Site being progressed for town centre uses. Not considered to be available for residential development.
<b>Achievable?</b> Yes	<b>Achievability notes:</b> No known constraints.
<b>When is the site likely to come forward?</b>	-
<b>SHLAA category</b>	Not developable

## SHLAA ID 254: Croxall Road, Spellow Field

<b>SHLAA ID: 254</b> <b>ELAA ID: -</b>	<b>Location: Croxall Road, Spellow Field</b>
<b>Settlement:</b> Other rural <b>Ward:</b> Alrewas & Fradley	<b>Planning reference:</b> N/A
<b>Source:</b> Submission	<b>Potential use:</b> Residential
<b>Site area (Ha):</b> 0.62 <b>Net developable area (Ha):</b> 0.49 <b>Density rate applied (dph):</b> 30	<b>Potential dwelling yield:</b> 15 <b>Yield note:</b> 30dph applied to 80% of net developable area outside of flood zones 2 and 3.
<b>Suitable?</b> No	<b>Suitability notes:</b> Site is outside of recognised settlement and is located within the rural area. Remote location. (NB-site is close to Alrewas but separated by trunk road and therefore not considered to relate to the village for the purposes of this assessment). Access to site would require significant infrastructure. Part grade 2 agricultural land. Part grade 3 agricultural land. SBI within 1km. Within central rivers initiative area. Within mineral safeguarding area. Within safeguarded mineral infrastructure sites. Gas pipeline within site. Adjacent the Cannock Chase SAC zone of influence. Adjacent the River Mease water catchment.
<b>Available?</b> Yes	<b>Availability notes:</b> Promoted by landowner/agent for residential uses.
<b>Achievable?</b> No	<b>Achievability notes:</b> Unsure if site can be delivered given current mineral extraction use. Unsure how compensatory works following mineral extraction and infrastructure works which could be required to bring forward development would impact upon viability.
<b>When is the site likely to come forward?</b>	-
<b>SHLAA category</b>	Not developable

## SHLAA ID 255: Eastern Avenue, former Norgren site

<b>SHLAA ID: 255</b>	<b>Location: Eastern Avenue, former Norgren site</b>
Status: Under construction	<b>Notes:</b> Site under construction (see table B1). Site allocated in Local Plan Allocations.
SHLAA category:	Deliverable

## SHLAA ID 256: Land south of Nursery Lane

<b>SHLAA ID: 256</b> <b>ELAA ID: -</b>	<b>Location: Land south of Nursery Lane</b>
<b>Settlement:</b> Hopwas <b>Ward:</b> Whittington & Streethay	<b>Planning reference:</b> N/A
<b>Source:</b> Submission	<b>Potential use:</b> Residential
<b>Site area (Ha):</b> 0.4 <b>Net developable area (Ha):</b> 0.32 <b>Density rate applied (dph):</b> 30	<b>Potential dwelling yield:</b> 10 <b>Yield note:</b> 30 dph applied to 80% net developable area.
<b>Suitable?</b> No	<b>Suitability notes:</b> Outside village settlement boundary. Settlement is not considered to be a sustainable settlement within the adopted Local Plan, does not comply with current development plan policies. Hopwas identified as potential smaller scale sustainable settlement (level 4 - smaller service village) within emerging Local Plan Review. Adjacent to agricultural and residential uses. Within Green Belt. Grade 3 agricultural land. BAS within 1km. Ancient woodland within 1km. Possibility of groundwater flooding. Adjacent conservation area. Adjacent listed buildings. TPO's adjacent to site. Within mineral safeguarding area. Within Wigginton and Hopwas neighbourhood area.

SHLAA ID: 256 ELAA ID: -	<b>Location: Land south of Nursery Lane</b>
<b>Available?</b> Yes	<b>Availability notes:</b> Site has been promoted previously by the owner/agent.
<b>Achievable?</b> Yes	<b>Achievability notes:</b> No known constraints.
<b>When is the site likely to come forward?</b>	-
<b>SHLAA category</b>	Not developable

## SHLAA ID 257: Land south of Main Road, Haunton

SHLAA ID: 257 ELAA ID: -	<b>Location: Land south of Main Road, Haunton</b>
<b>Settlement:</b> Other rural <b>Ward:</b> Mease & Tame	<b>Planning reference:</b> N/A
<b>Source:</b> Submission	<b>Potential use:</b> Residential
<b>Site area (Ha):</b> 0.69 <b>Net developable area (Ha):</b> 0.55 <b>Density rate applied (dph):</b> 30	<b>Potential dwelling yield:</b> 17 <b>Yield note:</b> 30 dph applied to 80% net developable area.
<b>Suitable?</b> No	<b>Suitability notes:</b> Outside settlement, settlement does not have defined village settlement boundary. Settlement is not considered to be a sustainable settlement within the adopted Local Plan, does not comply with current development plan policies. Haunton is not identified as potential sustainable settlement within emerging Local Plan Review. Adjacent to agricultural and residential uses. Within to conservation area. Grade 3 agricultural land. SSSI within 1km. Site is within the River Mease water catchment therefore mitigation will be required.
<b>Available?</b> Yes	<b>Availability notes:</b> Site has been promoted previously by the owner/agent.
<b>Achievable?</b> Yes	<b>Achievability notes:</b> No known constraints.
<b>When is the site likely to come forward?</b>	-
<b>SHLAA category</b>	Not developable

## SHLAA ID 258: Land north of Main Road, Haunton

SHLAA ID: 258 ELAA ID: -	<b>Location: Land north of Main Road, Haunton</b>
<b>Settlement:</b> Other rural <b>Ward:</b> Mease & Tame	<b>Planning reference:</b> N/A
<b>Source:</b> Submission	<b>Potential use:</b> Residential
<b>Site area (Ha):</b> 0.63 <b>Net developable area (Ha):</b> 0.5 <b>Density rate applied (dph):</b> 30	<b>Potential dwelling yield:</b> 15 <b>Yield note:</b> 30 dph applied to 80% net developable area.
<b>Suitable?</b> No	<b>Suitability notes:</b> Outside settlement, settlement does not have defined village settlement boundary. Settlement is not considered to be a sustainable settlement within the adopted Local Plan, does not comply with current development plan policies. Haunton is not identified as potential sustainable settlement within emerging Local Plan Review. Adjacent to agricultural and residential uses. Within to conservation area. Grade 3 agricultural land. SSSI within 1km. Site is within the River Mease water catchment therefore mitigation will be required. Possibility of groundwater flooding.

SHLAA ID: 258 ELAA ID: -	<b>Location: Land north of Main Road, Haunton</b>

## SHLAA ID 271: Land at Fotherley Lane, Fotherley Hall

SHLAA ID: 271	Location: Land at Fotherley Lane, Fotherley Hall
Status: Under construction	Notes: Site under construction (see table B1). Site allocated in Local Plan Allocations.
SHLAA category:	Deliverable

## SHLAA ID 272: Land off Padbury Lane

SHLAA ID: 272 ELAA ID: -	Location: Land off Padbury Lane
Settlement: Other rural Ward: Highfield	Planning reference: N/A
Source: Submission	Potential use: Residential
Site area (Ha): 2.6 Net developable area (Ha): 1.56 Density rate applied (dph): 30	Potential dwelling yield: 47 Yield note: 30dph applied to 60% of net developable area outside of flood zones.
Suitable? No	Suitability notes: Site is outside of recognised settlement and is located within the rural area. Within Green Belt. Within Forest of Mercia area. Grade 3 agricultural land. Within Cannock Chase SAC zone of influence. Flood zone 2 and Flood zone 3 within site. Adjacent AONB. Adjacent SSSI. BAS within 1km. TPO's adjacent to site. Within Burntwood neighbourhood area.
Available? Yes	Availability notes: Site has been promoted previously by the owner/agent. Site promotion has not been updated through recent Call for Sites or through consultation opportunities. Therefore consider the site is unlikely to be available currently.
Achievable? Yes	Achievability notes: Unsure how level of mitigation which could be required for flooding and transport issues would impact upon viability.
When is the site likely to come forward?	-
SHLAA category	Not developable

## SHLAA ID 273: Land off Back Lane, Church Farm

SHLAA ID: 273 ELAA ID: -	Location: Land off Back Lane, Church Farm
Settlement: Whittington Ward: Whittington & Streethay	Planning reference: N/A
Source: Submission	Potential use: Residential
Site area (Ha): 2.10 Net developable area (Ha): 1.26 Density rate applied (dph): 30	Potential dwelling yield: 38 Yield note: 30dph @ 60% net developable area.
Suitable? Yes	Suitability notes: Outside of settlement boundary. Adjacent to Whittington which is identified as a key sustainable settlement within the adopted Local Plan. Whittington identified as key settlement within emerging Local Plan Review. Close proximity to

<b>SHLAA ID: 273</b> ELAA ID: -	<b>Location: Land off Back Lane, Church Farm</b>
	public transport route, services and facilities. Adjacent to residential uses. Within green Belt. Grade 2 agricultural land. Part grade 3 agricultural land. SBI within 1km. BAS within 1km. Adjacent conservation area. TPO within site. Part within Cannock Chase SAC zone of influence. Within Whittington and Fisherwick neighbourhood area.
<b>Available?</b> Yes	<b>Availability notes:</b> Promoted by landowner/agent for employment and residential uses.
<b>Achievable?</b> Yes	<b>Achievability notes:</b> No known constraints.
<b>When is the site likely to come forward?</b>	6-10 years
<b>SHLAA category</b>	Developable

## SHLAA ID 274: Land adjacent 76 Fisherwick Road

<b>SHLAA ID: 274</b> ELAA ID: -	<b>Location: Land adjacent 76 Fisherwick Road</b>
<b>Settlement:</b> Whittington <b>Ward:</b> Whittington & Streethay	<b>Planning reference:</b> N/A

## SHLAA ID 295: Land off Lichfield Road

SHLAA ID: 295 ELAA ID: -	<b>Location: Land off Lichfield Road</b>
<b>Settlement:</b> Kings Bromley <b>Ward:</b> Armitage with Handsacre	<b>Planning reference:</b> N/A
<b>Source:</b> Submission	<b>Potential use:</b> Residential
<b>Site area (Ha):</b> 3.57 <b>Net developable area (Ha):</b> 2.14 <b>Density rate applied (dph):</b> 30	<b>Potential dwelling yield:</b> 64 <b>Yield note:</b> 30dph applied to 60% of net developable area.
<b>Suitable?</b> No	<b>Suitability notes:</b> Outside village settlement boundary. Settlement is not considered to be a sustainable settlement within the adopted Local Plan, does not comply with current development plan policies. Kings Bromley identified as potential smaller scale sustainable settlement (level 4 - smaller service village) within emerging Local Plan Review. Adjacent to agricultural, residential and recreational uses. Grade 3 agricultural land. Conservation area adjacent to site. Flood zone 2 and Flood zone 3 within site. TPO adjacent site. Possibility of groundwater flooding. BAS within 1km. SBI within 1km. Within mineral safeguarding area. Within area with possibility of coal subsidence.
<b>Available?</b> Yes	<b>Availability notes:</b> Site has been promoted previously by the owner/agent.
<b>Achievable?</b> Yes	<b>Achievability notes:</b> Unsure how flood mitigation can be achieved. Unsure how mitigation would impact upon viability.
<b>When is the site likely to come forward?</b>	-
<b>SHLAA category</b>	Not developable

## SHLAA ID 296: Land west of Common Lane (2)

SHLAA ID: 296 ELAA ID: -	<b>Location: Land west of Common Lane (2)</b>
<b>Settlement:</b> Whittington <b>Ward:</b> Whittington & Streethay	<b>Planning reference:</b> N/A
<b>Source:</b> Submission	<b>Potential use:</b> Residential
<b>Site area (Ha):</b> 0.6 <b>Net developable area (Ha):</b> 0.48 <b>Density rate applied (dph):</b> -	<b>Potential dwelling yield:</b> 10 <b>Yield note:</b> Yield based on information provided alongside site promotion.
<b>Suitable?</b> Yes	<b>Suitability notes:</b> Outside of settlement boundary. Adjacent to Whittington which is identified as a key sustainable settlement within the adopted Local Plan. Whittington identified as key settlement within emerging Local Plan Review. Close proximity to public transport route, services and facilities. Adjacent to residential uses. Within green Belt. Grade 3 agricultural land. BAS within 1km. SBI within 1km. Adjacent

<b>SHLAA ID: 296</b> ELAA ID: -	<b>Location: Land west of Common Lane (2)</b>
	conservation area. TPO adjacent site. Within Whittington and Fisherwick neighbourhood area.
<b>Available?</b> Yes	<b>Availability notes:</b> Promoted by landowner/agent for employment and residential uses.
<b>Achievable?</b> Yes	<b>Achievability notes:</b> No known constraints.
<b>When is the site likely to come forward?</b>	6-10 years
<b>SHLAA category</b>	Developable

## SHLAA ID 297: Land south of Comberford Lane

<b>SHLAA ID: 297</b> ELAA ID: -	<b>Location: Land south of Comberford Lane</b>
<b>Settlement:</b> Wigginton <b>Ward:</b> Mease & Tame	<b>Planning reference:</b> N/A
<b>Source:</b> Submission	<b>Potential use:</b> Residential
<b>Site area (Ha):</b> 1.45 <b>Net developable area (Ha):</b> 1.16 <b>Density rate applied (dph):</b> 30	<b>Potential dwelling yield:</b> 35 <b>Yield note:</b> 30 dph applied to 80% net developable area.
<b>Suitable?</b> No	<b>Suitability notes:</b> Site is outside of recognised settlement and is located within the rural area. Greenfield site. Grade 2 agricultural land. Possibility of groundwater flooding. SCC have previously highlighted negative impact on local highway network. Within Wigginton and Hopwas neighbourhood area.
<b>Available?</b> Yes	<b>Availability notes:</b> Site has been promoted previously by the owner/agent.
<b>Achievable?</b> Yes	<b>Achievability notes:</b> No known constraints.
<b>When is the site likely to come forward?</b>	-
<b>SHLAA category</b>	Not developable

## SHLAA ID 298: Birmingham Road, Derry Farm

<b>SHLAA ID: 298</b>	<b>Location: Birmingham Road, Derry Farm</b>
Status: Site complete	<b>Notes:</b> Site complete. See small site and completions schedule.

## SHLAA ID 299: Land off Roman Lane, Barns Farm

<b>SHLAA ID: 299</b> ELAA ID: -	<b>Location: Land off Roman Lane, Barns Farm</b>
<b>Settlement:</b> Little Aston <b>Ward:</b> Little Aston & Stonnall	<b>Planning reference:</b> N/A
<b>Source:</b> Submission	<b>Potential use:</b> Residential
<b>Site area (Ha):</b> 2.7 <b>Net developable area (Ha):</b> 1.62 <b>Density rate applied (dph):</b> 30	<b>Potential dwelling yield:</b> 49 <b>Yield note:</b> 30 dph applied to 60% net developable area.
<b>Suitable?</b> No	<b>Suitability notes:</b> Outside village settlement boundary. Settlement is not considered to be a sustainable settlement within the adopted Local Plan, does not comply with current development plan policies. Little Aston identified as potential sustainable

SHLAA ID 379: Rectory Lane, 19, Armitage with Handsacre

<b>SHLAA ID: 379</b>	<b>Location: SHLAA ID 379: Rectory Lane, 19, Armitage with Handsacre</b>
Status: Full planning permission	<b>Notes:</b> Site with full planning permission.
SHLAA category:	Deliverable

SHLAA ID 380: Birmingham Road, Shires House

<b>SHLAA ID: 380</b>	<b>Location: Birmingham Road, Shires House</b>
Status: Full planning permission	<b>Notes:</b> Site with full planning permission.
SHLAA category:	Deliverable

SHLAA ID 381: Copsy Nook Lane, Overton Farm

<b>SHLAA ID: 381</b>	<b>Location: Copsy Nook Lane, Overton Farm</b>
Status: Full planning permission	<b>Notes:</b> Site with full planning permission.
SHLAA category:	Deliverable

## SHLAA ID 382: Chesterfield Road, land adjacent to 106 &amp; 112

<b>SHLAA ID: 382</b>	<b>Chesterfield Road, land adjacent to 106 &amp; 112</b>
Status: Full planning permission	<b>Notes:</b> Site with full planning permission.
SHLAA category:	Deliverable

## SHLAA ID 383: Dunstall Farm, land east of A38

<b>SHLAA ID: 383</b> ELAA ID: -	<b>Location: Dunstall Farm, land east of A38</b>
<b>Settlement:</b> Other rural <b>Ward:</b> Alrewas & Fradley	<b>Planning reference:</b> N/A
<b>Source:</b> Submission	<b>Potential use:</b> Residential
<b>Site area (Ha):</b> 18.5 <b>Net developable area (Ha):</b> 11.1 <b>Density rate applied (dph):</b> 30	<b>Potential dwelling yield:</b> 333 <b>Yield note:</b> 30dph applied to 60% of net developable area.
<b>Suitable?</b> No	<b>Suitability notes:</b> Site is outside of recognised settlement and is located within the rural area. Remote location. (NB-site is close to Fradley but separated by trunk road and therefore not considered to relate to the village for the purposes of this assessment). Access to site would require significant infrastructure. Part grade 2 agricultural land. Grade 3 agricultural land. Ancient Woodland within 1km.. Within central rivers initiative area. Within mineral safeguarding area. Listed building adjacent site. Within Fradley neighbourhood area.
<b>Available?</b> Yes	<b>Availability notes:</b> Has previously been promoted by landowner/agent for employment and residential uses. Has not been promoted through recent consultations.
<b>Achievable?</b> Yes	<b>Achievability notes:</b> Unsure if site can be delivered given current mineral extraction use. Unsure how compensatory works following mineral extraction and infrastructure works which could be required to bring forward development would impact upon viability.
<b>When is the site likely to come forward?</b>	-
<b>SHLAA category</b>	Not developable

## SHLAA ID 384: The Beck, Former Elford Sports and Social Club

<b>SHLAA ID: 384</b>	<b>The Beck, Former Elford Sports and Social Club</b>
Status: Full planning permission	<b>Notes:</b> Site with full planning permission.
SHLAA category:	Deliverable

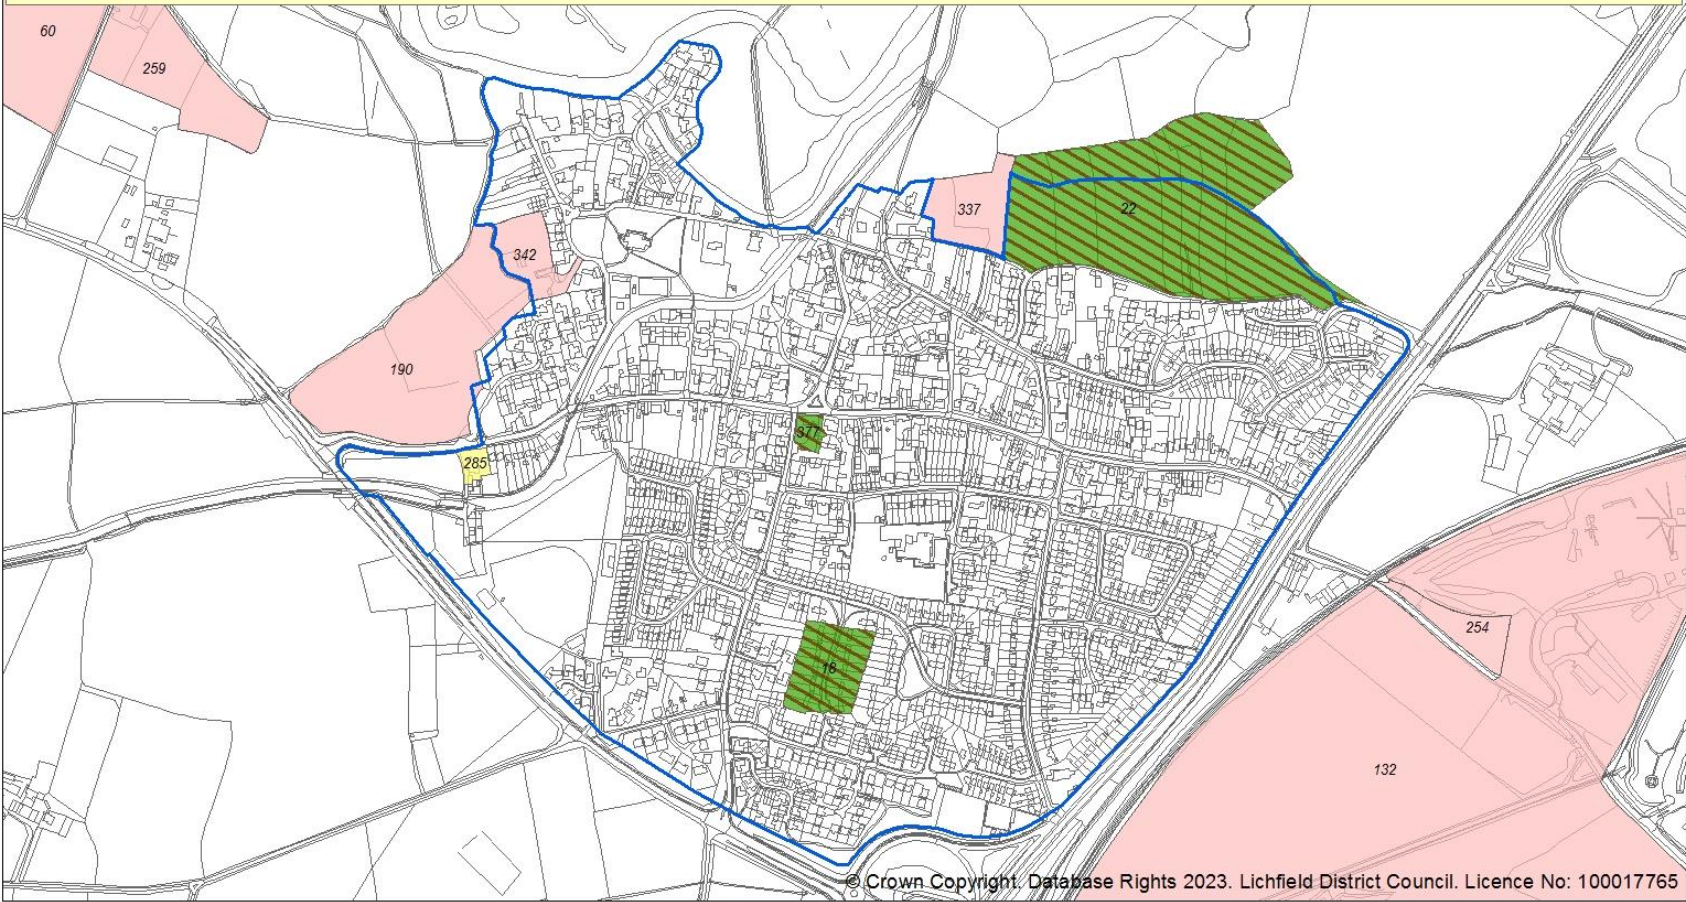

## Appendix C: Assessment maps

This section includes maps which illustrate the sites within this assessment. The sites can be viewed using the interactive map on the council's website which can be viewed via the following link:

[Land availability assessment interactive map](#)

No decision has been taken to allocate these sites. The inclusion of any site in this assessment does not indicate that it will be allocated or successfully obtain permission for development.
